### Flood In U.S. Northwest

Waters of the Snohomish River broke their banks 30 miles north of Seattle, inundating a large section of farm country and a main highway, as shown above.—(NEA Photo)

## British Labor Party Throws Out Two M.P.'s

LONDON (Reuters)—The Labor Party today announced the expulsion from its ranks of two members of Parliament. Five other members of the House of Commons were relieved of their posts as parliamentary secretaries to various ministries. The members expelled were Konni Zilliacus, member for Gateshead, and Leslie Solley, member for Thurrock. Both are persistent and severe critics of the government's foreign policy. The parliamentary secretaries disciplined were: Mr. Frank Beswick of the Air Ministry; William R. Blyton of Civil Aviation; Robert J. Mellish of the Admiralty; George H. Rogers of the Ministry of Supply, and J. P. W. Mallalieu of the Food Ministry.

## Attlee For Stiff Penalty

It was stated Tuesday that 63 Labor members who voted against the government on the bill providing for Eire's secession from the Commonwealth and endorsing the partition of Ireland would be "put on the carpet." In the case of the Parliamentary secretaries, it is understood Prime Minister Attlee felt more severe punishment was needed. He wrote to the five ministers served by the secretaries saying he did not see how their subordinates could vote against the government yet continue to hold their posts.

The decision to expel Solley and Zilliacus from the party was made today at a meeting of the national executive committee of the Labor Party.

## Fraser River Boat Upsets; Three Drown

Three persons were drowned and one man saved when a gillnet fishing boat struck a boom of logs in the Fraser River opposite Fort Langley early today, it is reported here.

Drowned were: George De-rochet, 55, of Hancey, B.C., owner of the boat; Mrs. Savino, 45, of Albion, B.C.; Anita Savino, 9, daughter of Mrs. Savino.

Maclyn West, fourth member of the party aboard the gillnetter, saved himself by swimming to the log boom.

## T.L.C. Must Seat S.I.U. Delegates, Law Advisers Say

VANCOUVER (CP)—The Vancouver and District Trades and Labor Council (A.F.L.-T.L.C.) cannot, under its constitution, unseat delegates from the Seafarers' International Union, the council heard Tuesday night from legal advisers. The opinion submitted said the members of the S.I.U., a chartered body of the American Federation of Labor and the Trades and Labor Congress of Canada, could be ousted only on written depositions and a trial. A majority of the council delegates branded the S.I.U. a "scab" organization for its signing of a "back-door" agreement with eastern Canadian ship owners. The agreement resulted in the Canadian Seafarers' Union (T.L.C.) going out on strike six weeks ago.

## Cadets To Attend Camp At Banff Park

OTTAWA (CP)—One hundred and fifty Royal Canadian Army cadets will attend a three-week camp at Banff National Park this summer as a reward for proficient performance in their corps. Army headquarters said Tuesday the 150 boys chosen from the 50,000 army cadets in Canada will spend two weeks in the main camp near Cascade Mountain. They'll spend a final week higher up on the mountain—preparing their own shelters and meals. Cadets will be instructed in signals, first aid and map and compass reading. Quotas for each of the army's five commands are: Eastern Command, 15; Quebec Command, 42; Central Command, 34; Prairie Command, 18, and Western Command, 21.

## Open Inquest Into D.P. Bride's Death

HUDSON BAY, Sask. (CP)—An inquest was opened here Tuesday into the death of Mrs. Mary Machula, a displaced person bride who is said to have married because she was tired of milking cows and doing housework.

The bludgeoned body of the 35-year-old bride of two months was found April 14 in her one-roomed shack at Smoking Tent, and for more than two weeks R.C.M.P. searched north Saskatchewan and Manitoba wilds in an effort to locate her husband, Metro Machula, for questioning. The search ended April 30, when an Indian found the body of Machula hanging from a tree.

A neighbor said that about two weeks after the marriage the couple had quarreled over religion. Mary was a Greek Catholic.

Another witness said that Machula had told him April 14 that he had had some trouble with his wife and that "women had too many rights in this country."

## VICTORIA TIMES TO HAVE NEW HOME

THIS CAPITAL CITY'S popular and widely-read HOME NEWSPAPER, the Victoria Daily Times, will move into new quarters in the not too distant future.

Spacious property occupying a commanding position on the waterfront of the Inner Harbor between Fort and Bastion Streets has been purchased.

On this convenient location it is planned to erect a structure that will conform to all the exactions of a modern newspaper office.

Architectural consideration likewise will have due regard for the general concept of harbor beautification—a theme to which the Times has given its cordial support over many years.

## Arrest Follows Kidnapping, Assault Of Member Of S.I.U.

Glendon Strong, from eastern Canada and alleged to be a member of the Canadian Seamen's Union, arrested at 11 Tuesday night by city detectives, was scheduled to appear in city police court today charged with common assault on a member of the rival Seafarers' International Union.

Arrest was made by Detective Louis Callan and Angus Munro after hearing the detailed story of Edward Teichman, Vancouver, second cook on the freighter Ss. Seaside moored at a jetty near the government drydock, about being taken for a four-hour ride and assaulted by five men Monday night.

Plaintiff's men are continuing investigations to try and ferret out others said to have been involved in the assault. Teichman told the detectives he was grabbed by four men in front of the Cameo Cafe on Yates Street around 5 Monday evening and dragged into a waiting car.

He said that en route to Patricia Bay he was closely questioned and occasionally slugged in the ribs and face by his captors.

Teichman told officers the men argued about beating him up and leaving him at Pat Bay, but that the driver (the fifth man in the car) intervened. Teichman said he was finally driven back to town and pushed out of the car, which was still moving, at Government and Yates Streets. Police took him from there back to his ship.

Harry Smith, C.S.U. strike committee chairman, emphatically denied members of his union were involved in such action. He believed it was arranged by "a person or party unknown to us."

Mr. Smith and Leslie Jones, Victoria, and also of the C.S.U., went to the city police station yesterday and offered police every co-operation in the investigation.

## Young Tories Lose In Vancouver Centre

VANCOUVER (CP)—Ernest G. Sherwood, named Progressive Conservative candidate in the Vancouver Centre federal constituency in a stormy session in April, was again selected at a meeting Tuesday night.

The provincial executive threw out the decision of the first convention after officials had complained the procedure was unconstitutional.

Sherwood was opposed in Tuesday night's meeting by Bob Bonner, choice of the Young Progressive Conservatives. Bonner was defeated, 126 to 69.

Natural Gas Pipeline CHILLIWACK (CP)—The city council here has approved plans submitted by the West-coast Transmission Company for a natural gas pipeline route to the British Columbia coast. It was announced Tuesday night. The application will be submitted to Ottawa for a hearing in June.

### Soviet Spy?

Mrs. Josef Winiewicz, above, wife of the Polish ambassador to the U.S., was named a possible spy by Lt. Gen. Zydzor Modelski, former Polish military attaché, in testimony before a Senate judiciary subcommittee. Modelski said he had been informed Mrs. Winiewicz is a member of the Soviet secret police. He quit his post after charging the Polish embassy was a hotbed of Russian espionage.

## Lost Since Monday, Two Fire Fighters In Alberta Sought

WINNIPEG (CP)—A search was under way today for two fire fighters missing in Alberta's Colt Creek region, 160 miles southwest of Edmonton, while forest fires continued—although somewhat less fiercely—throughout the northern half of the province.

In Saskatchewan and Manitoba, meanwhile, weary fire fighters have been able to ease up somewhat as rains helped stem the roaring advance of flames through thousands of acres of timber stands.

Missing in the Colt Creek region are Bill Chawrun and A. Bunio of Nordegg, unreported since early Monday. The men were part of a crew of 140 fire fighters brought out Sunday to fight a fire first noticed by a lookout patrol of the provincial forest department.

## Leading Physicians From Commonwealth To Convene In Sask.

TORONTO (CP)—Leading physicians and surgeons from 10 countries will meet in Saskatoon June 7 for the first annual British Commonwealth Medical Conference. The sessions will last four days.

Delegates from Australia, Canada, Ceylon, Eire, Great Britain, India, Newfoundland, New Zealand, Pakistan, South Africa and Southern Rhodesia will attend to discuss the whole range of medicine.

Canada will be represented by Dr. William Wagner of St. Michael's Hospital, Toronto, president of the Canadian Medical Association, and Dr. Harris McPhedran, chairman of the general conference of the C.M.A.

### Constitution Ratified

STUTTGART, Germany (AP)—Württemberg-Baden today ratified west Germany's new constitution by a vote of 80 to 10, with only the Communists in opposition. It was the first state parliament to ratify.

### Lincoln Scratches

First Race—Cascadian, Lady Lassator, Never Tell, Can't Catch, Sons Style. Second Race—Bessie Vance. Fourth Race—Van Flag, Hard War, Day. Eighth Race—Dixie Bobbie, Khaygram. Weather clear; track fast.

## South Communists Within 31 Miles Of Foochow Port

By FRED HAMPSON

SHANGHAI (AP)—The Communists drove a spearhead through Shanghai's "back door" almost to the Whangpoo River today. In south China the Reds lunged to within 31 miles of the port of Foochow.

A Shanghai garrison communique acknowledged the Shanghai thrust, but said it had been wiped out in fierce fighting.

The advance on Foochow, Fukien provincial capital almost midway between Shanghai and the provisional capital of Canton, was reported by the Nationalists' official Central News Agency.

The garrison communique said the Reds were still in violent progress. At one point, it said, the Reds stormed Nationalist positions eight times before falling back before an artillery-supported counter-attack.

Reds encircling Shanghai from the southwest drove to Chwan-sha, 12 miles east of the city, then struck back westward against Pootung. This guerrilla-infested dock and warehouse area is just across the river from Shanghai's famed Bund.

The communique said the Pootung fighting flared late Tuesday and still was in violent progress. At one point, it said, the Reds stormed Nationalist positions eight times before falling back before an artillery-supported counter-attack.

## Decisions Possibly Vital To Peace Made At Assembly

NEW YORK (CP)—Decisions which may vitally affect the United Nations and world peace were taken at the spring session of the United Nations General Assembly.

The U.N. displayed its ability to give and take in the international tug-of-war. Leading delegates said this shows the organization is healthy and growing.

The session opened April 5 with forebodings of an East-West clash over the Atlantic Pact, which some observers believed might wreck the session's program if not the United Nations itself.

But the air was cleared in one wordy, although bitter, debate concerning the 12-country alliance.

Midway through the session, Russia and the three big western powers agreed to lift the Berlin blockade. Delegates agreed the informal talks leading to the end of the 10-month stalemate could not have started except in the U.N. atmosphere.

The closing hours were marked by debates on two of the hottest issues faced by the assembly—diplomatic links with Franco Spain and disposal of Italy's pre-war Italian colonies.

In an upset vote, the assembly overwhelmingly rejected a British-Italian plan to split up Mussolini's former African empire between Britain, Italy, France and Ethiopia.

The assembly refused to ease or tighten its diplomatic boycott on Spain, which it had barred in 1946 from joining the U.N. or any of its specialized agencies.

## C.P.R.'s New Nanaimo Dock Officially Open Thursday

When Ss. Princess Elaine reaches Nanaimo Thursday on her regular trip from Vancouver, she will head for a new berth, the large, new Canadian Pacific dock which will be put into service for the first time when the Elaine comes up alongside.

Aboard the Elaine will be a special party invited by the C.P.R. to attend the opening ceremony in the passenger section of the terminal. The \$1,700,000 dock, begun late in 1947, incorporates all facilities required for handling waterside traffic and includes a bus depot, freight sheds and elevators, a two-story passenger station with waiting-room accommodation for 3,000, and a wide parking area for automobiles.

A giant seawall, built of native rock and measuring 21 feet in height and 21 feet in thickness at the base, runs beneath the terminal.

The dock has been constructed so that ships of the C.P.R.'s B.C. Coast Services running between Nanaimo and Vancouver can dock at two piers at right angles.

There will be direct handling of passengers, cars and freight and ship passengers will have dockside transfer to automobile service operating in Nanaimo and to other island points as well as to the trains of the Esquimalt and Nanaimo Railway.

A four-lane, 1,800-foot driveway, connecting with Nanaimo's Commercial Street and with Island Highway No. 1, gives access to the terminal. Officiating at the Thursday ceremony will be Eric Hamber.

### Russians Seize Nets

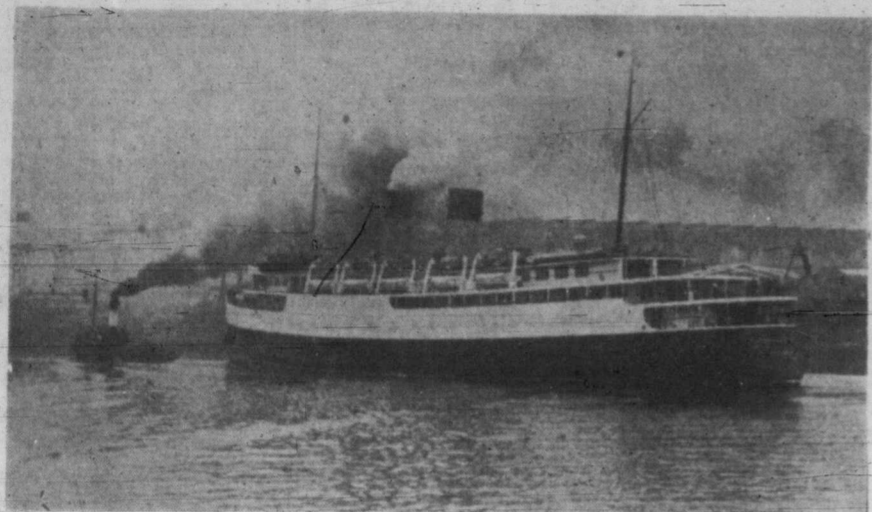

STOCKHOLM (Reuters)—The Governor of Sweden's Gotland Island in the Baltic, Sven Wahlmstedt, today complained that Russian coastal patrols were molesting fishermen in the Baltic. He reported to the Swedish foreign office that Russian patrols had come alongside Gotland fishing boats well outside Russian territorial waters, hauled up their nets and made off with them.

## Capt. Vancouver's Memory Honored

PETERSHAM, Surrey (CP)—British Columbia today honored the memory of Captain George Vancouver on the 151st anniversary of his death.

Lt.-Col. H. F. E. Smith, British Columbia's industrial and trade representative in the United Kingdom, placed a wreath on the grave of the explorer who first circumnavigated Vancouver Island in 1792.

## Unions Stage Contest On Great Lakes

Princess Patricia Leaves Clyde For Victoria

Heading down the Clyde on her maiden voyage to Victoria, Ss. Princess Patricia, Canadian Pacific's newest 6,000-ton coast liner for the triangle service, leaves Glasgow on the first leg of her 9,600-mile cruise. Sister ship of the Princess Marguerite, which recently entered the Victoria-Vancouver-Seattle service, Princess Patricia is expected to reach here June 10.

### Red Spearhead Wiped Out, Shanghai Reports

By FRED HAMPSON  
SHANGHAI (AP)—The Communists drove a spearhead through Shanghai's "back door" almost to the Whangpoo River today. In south China the Reds lunged to within 31 miles of the port of Foochow.

A Shanghai garrison commu-

nique acknowledged the Shanghai thrust, but said it had been wiped out in fierce fighting. The advance on Foochow, Fukien provincial capital almost midway between Shanghai and the provisional capital of Canton, was reported by the Nationalists' official Central News Agency.

### Objector To Taxes Faces Four Charges

MONTREAL (CP)—Russell Roger Smith of suburban Verdun, who claims the Canadian government has no constitutional right to collect income taxes, today awaited hearing Friday on four charges of neglecting to file tax returns for the years 1944-47. Smith, who formerly lived in Saskatoon, was fined \$250 May 3 for neglecting to file his return for 1943 after being officially notified by government authorities last Jan. 3.

Maximum penalty for the offence is \$25 for each day that a taxpayer fails to file his return after official notification.

### Threat Of Columbia Flood Lifted If Dikes Hold Out

PORTLAND, Ore. (AP)—Flood hazard eased on the Columbia today, but the dike patrols and sandbagging continued against the river's powerful thrust. A fall in the Snake—6 of a foot at Lewiston—prompted the Portland weather bureau to foresee at least a temporary lower river crest on Friday. A fall starting Saturday is expected to continue Sunday.

Bonners Ferry, Idaho, residents on the surging Kootenai, believed today they had passed the danger point unless dikes should crumble. The Kootenai was down to 29.9 feet today from a peak of 30.6 Tuesday. A continued slow fall was in prospect with a forecast for clear and cooler weather.

### Decisions Possibly Vital To Peace Made At Assembly

NEW YORK (CP)—Decisions which may vitally affect the United Nations and world peace were taken at the spring session of the United Nations General Assembly.

The U.N. displayed its ability to give and take in the international tug-of-war. Leading delegates said this shows the organization is healthy and growing.

The session opened April 5 with forebodings of an East-West clash over the Atlantic Pact, which some observers believed might wreck the session's program if not the United Nations itself. But the air was cleared in one wordy, although bitter, debate concerning the 12-country alliance.

Midway through the session, Russia and the three big western powers agreed to lift the Berlin blockade. Delegates agreed the informal talks leading to the end of the 10-month stalemate could not have started except in the U.N. atmosphere.

### Fraser River Boat Upsets; Three Drown

Three persons were drowned and one man saved when a gillnet fishing boat struck a boom of logs in the Fraser River opposite Fort Langley early today, it is reported here.

### VICTORIA TIMES TO HAVE NEW HOME

THIS CAPITAL CITY'S popular and widely-read HOME NEWSPAPER, the Victoria Daily Times, will move into new quarters in the not too distant future.

Spacious property occupying a commanding position on the waterfront of the Inner Harbor between Fort and Bastion Streets has been purchased.

On this convenient location it is planned to erect a structure that will conform to all the exactions of a modern newspaper office.

Architectural consideration likewise will have due regard for the general concept of harbor beautification—a theme to which the Times has given its cordial support over many years.

### British Labor Party Throws Out Two M.P.'s

LONDON (Reuter)—The Labor Party today announced the expulsion from its ranks of two members of Parliament. Five other members of the House of Commons were relieved of their posts as parliamentary secretaries to various ministries.

The members expelled were Konni Zilliacus, member for Gateshead, and Leslie Solley, member for Thurrock. Both are persistent and severe critics of the government's foreign policy. The parliamentary secretaries disciplined were: Sir L. Frank Beswick of the Air Ministry; William R. Blyton of Civil Aviation; Robert J. Mellish of the Admiralty; George H. Rogers of the Ministry of Supply, and J. P. W. Mallaieu of the Food Ministry.

### Attlee For Stiff Penalty

It was stated Tuesday that 63 Labor members who voted against the government on the bill providing for Eire's secession from the Commonwealth and endorsing the partition of Ireland would be "put on the carpet."

In the case of the Parliamentary secretaries it was understood Prime Minister Attlee felt more severe punishment was needed. He wrote to the five ministers served by the secretaries saying he did not see how their sub-

### New Powell River Forest Fire Reported Still Out Of Control

A new forest fire broke out today in the Powell River area and at latest reports to the B.C. Forest Service headquarters here had burned over 25 acres and was still out of control.

Details on how the fire started, the location and number of men fighting it were not immediately available. One of 45 forest fires in the province today, it is the only one out of control.

In the Vancouver forest district there are four other small fires, one at Nanaimo, one near Duncan and two near Chilliwack. The hazard in the district is described as moderate.

In the Prince Rupert forest district five fires are burning and 18 men are keeping them under control. The weather there is cloudy and there have been some showers.

Fort George forest district has 21 fires and 76 men are employed on them. The hazard is described as low to moderate.

Ten fires are burning under control in the Kamloops forest district with 17 men fighting them. The hazard is increasing.

In the Nelson district four fires are burning under control. But one man is employed. The hazard is described as low to moderate.

### 50 Ships Involved In Fight Looming; S.I.U. Repeats 'Red' Charge

#### Five More Fires Menace Timber In North Alberta

EDMONTON (CP)—As fire fighters in northern Alberta began to make headway today against large blazes in the Lesser Slave Lake area, five new fires in the Lac la Biche district were building to a major timber threat.

Forestry officials said the fire hazard around Lac la Biche, 100 miles north of Edmonton, was increasing, threatening valuable jack pine and black spruce timber stands.

#### Only One-third Of Shipyard Men Work

SEATTLE (AP)—Work on six ships at the Todd Shipyards was near a halt today as a large part of the 350 employees refused to cross picket lines of the Canadian Seamen's Union.

The Canadians began picketing the yard Tuesday after the Canadian freighter Argosho, involved in a labor dispute, had been brought to the yard from San Pedro, Calif., for repairs.

A company spokesman said only about 30 per cent of the workers entered the yard today. The Argosho is manned by a crew from the Seafarers' International Union, Canadian division (A.F.L.). A dispute between the S.I.U. and the C.S.U. over manning certain Canadian ships has involved vessels on both the east and west coasts.

#### 'Interference', Says C.S.U.

MONTREAL (CP)—T. G. McManus, secretary-treasurer of the Canadian Seamen's Union (T.L.C.), said today that action on the part of the Seafarers' International Union (A.F.L.) in the United States to deny cargo service to three Canadian shipping firms "is interference with the commerce of another nation."

#### Seek 4 Others In Kidnapping Case

City detectives today were continuing investigations to apprehend four men alleged to have been involved in the seizure and assault of Edward Telchman, Vancouver, member of the Seafarers' International Union, Monday night in Victoria.

Glendon Strong, 45, of Dalhousie, New Brunswick, arrested last night, was charged before Magistrate H. C. Hall in city police court this morning with kidnapping Telchman. He was remanded to tomorrow for election of trial.

(See story, "Arrest, Kidnapping," page 2.)

#### Russians Seize Nets

STOCKHOLM (Reuter)—The Governor of Sweden's Gotland Island in the Baltic, Sven Wahnstedt, today complained that Russian coastal patrols were molesting fishermen in the Baltic. He reported to the Swedish foreign office that Russian patrols had come alongside Gotland fishing boats well outside Russian territorial waters, hauled up their nets and made off with them.

#### Talk With Pope

VATICAN CITY (CP)—The Pope today held a private audience with Archbishop William M. Dule of Vancouver and Archbishop John H. MacDonald of Edmonton.

#### Leading Physicians From Commonwealth To Convene In Sask.

TORONTO (CP)—Leading physicians and surgeons from 10 countries will meet in Saskatoon June 7 for the first annual British Commonwealth Medical Conference. The sessions will last four days.

Delegates from Australia, Canada, Ceylon, Eire, Great Britain, India, Newfoundland, New Zealand, Pakistan, South Africa and Southern Rhodesia will attend to discuss the whole range of medicine.

#### Capt. Vancouver's Memory Honored

PETERSHAM, Surrey (CP)—British Columbia today honored the memory of Captain George Vancouver on the 151st anniversary of his death.

Lt.-Col. H. F. E. Smith, British Columbia's industrial and trade representative in the United Kingdom, placed a wreath on the grave of the explorer who first circumnavigated Vancouver Island in 1792.

Union join the Canadian branch of the S.I.U.

"The Communists will be screened out in the process," he said.

Other union officials joined him in pledging that no Paterson ship would be permitted to dock anywhere on the Great Lakes until "Communists in the crew are removed."

Paterson officials arrived here today to discuss the matter with union leaders. They had no immediate comment.

Fred Farnes, S.I.U. secretary, said the drive was designed to coincide with a Cleveland meeting today of top representatives of the Seafarers' Union from Canada, Detroit and New York.

He claimed the "national backing" of "a dozen A.F.L. trades groups both in Canada and the United States."

While the Cartierdock was tied up, the S.I.U. permitted docking of another ship, carrying an S.I.U. crew, to unload newspaper here.

#### Aged Pensioners In Saskatchewan To Receive \$42.50

REGINA (CP)—Saskatchewan old age pensioners will receive a maximum pension of \$42.50 a month, retroactive to May 1, Social Welfare Minister J. M. Sturdy announced today.

Mr. Sturdy said the provincial government had signed an agreement with the federal government to share the payment of a basic pension of \$40 a month at the age of 70.

In addition the provincial government would pay a supplementary allowance of \$2.50 a month to provide a maximum pension of \$42.50. The province would continue to provide free medical, optical, dental and hospital services for old age pensioners and dependents.

Before the new agreement was signed by the federal and provincial governments, the maximum Saskatchewan pension was \$35 a month. Of that amount \$30 was the basic pension, of which the Dominion paid \$22.50 and the province \$7.50. In addition the province paid a supplementary pension of \$5 a month.

### Tourists Warned Of Great Danger From Forest Fires

OTTAWA (CP)—The Resources Department today warned tourists, campers and sportsmen to be careful about forest-fire hazards, and backed up its point with grim figures on fire damage to Canada's forests in 1948.

Fire-fighting costs last year, amounting to more than \$2,500,000, were highest on record, the department said. This figure, added to damage caused by forest fires, brought the total 1948 loss to the second highest point in history, the peak being 1941.

"The amount of merchantable timber on lands burned over in 1948 was equal to that used by all the pulp and paper mills in Canada for a 7½-month period, based on the average mill consumption for 1937 to 1946," the statement said.

"Damage to timber, young growth and other property was estimated at \$5,882,000. This, however, evaluates the wood only at prevailing stumpage rates and takes no account of other losses sustained by the wood-using industries.

## One Woman's Day

By NANCY HODGES

### CRUMBLING PYRAMIDS

EVERY SO OFTEN somebody comes up with a new version of the old chain letter racket. If you have ever been on the receiving end of such letters, as I often have, you will know that there are variations in the theme.

Sometimes the anonymous writer gloomily warns of bad luck if you don't immediately sit down and write a dozen letters to other unfortunates in the chain. Sometimes, the writer paints a rosy picture of the good luck which might accrue to you if you link yourself—with dollar bills—to other victims.

Latest manifestation of the chain theme is the pyramid club, newest sample of the get-rich-quick craze to hit this continent.

### AMERICAN IMPULSE

FROM WHAT I CAN gather, it seems to have started—or perhaps I should have said first flourished—in the United States. There the craze reached such proportions that the authorities were much concerned and stepped in to stop it.

Now, like many another racket, it has crossed the border into Canada, and is at present flourishing in Ontario. There it takes the form of parties, to which you are invited by a seeming friend, who, at the same time cordially asks you to bring two more friends along.

Arrived at the home of your host and hostess, you are subjected to the humiliation of hearing your two friends asked for a dollar each, which money is left with the said host and hostess, I am told.

### COFFEE AND CAKES

IT IS TRUE THAT, as immediate return for the dollar, you and your friends are entertained with bridge or parchesi, coffee and cakes, but they are also required to promise that they, in turn, will each go out and get two more friends to go to another party at another house—and donate dollars there to the kitty.

This apparently goes on, ad infinitum, until such time as everybody who thus becomes a member of the pyramid club collects the payoff—or dividend.

An easterner explains that when enough people have gone to enough parties and pay enough dollars to pay the first member-host, say \$500, then he claims the \$500 and steps out, after which the next person gets in line for the next \$500—and so on, until all are satisfied.

### FRENZIED FINANCE

NOT HAVING ANY head for figures, such frenzied finance rather bewilders me, and I haven't the foggiest notion of how much money would have to change hands to provide such a payoff.

According to the promoters of pyramid clubs, however, the dollars that go through the party kitty pyramid to an amazing amount. But seemingly there comes a time when the pyramid gets a bit wobbly, perhaps because this particular variety starts on a single unit and then piles up on that, contrary to the method employed in building the Pyramids of Egypt, for instance.

### CATCHES SUCKERS

LIKE ALL GET-RICH-QUICK crazes, these modern pyramids are based on two old and basic aspects of human nature—first, the gullibility which still persists in thinking that you can get something for nothing.

The second reason for the temporary success of these schemes is that there are always smooth operators searching out the "suckers" who seem to be born at an even quicker rate than P. T. Barnum's famed "one every minute."

And those suckers rise avidly to any bait with eager avidity, and never seem to take heed of the warning of those who have been "had."

### RIDDLED BY RIDICULE

PERHAPS THE BEST antidote to the insidious poison of such a craze is ridicule. That weapon was effectively used by an Ontario business man who, persistently hounded by telephone to join a pyramid club, concocted the following letter:

"My Dear Friend—Herewith I commend to your notice, as a man of intelligence and ripe experience, a kind of chain letter. It was started to bring happiness to all tired and weary businessmen, especially those who have been toiling many long years for others to reap. I am confident that it fits your case exactly. Unlike most chains, it requires no money. Simply send a copy of this letter to married males... then bundle up your wife and send her to the fellow heading the list. When your name comes to the head of the list you will receive 15,188 women. Some of them ought to be 'queens.' Have faith. Don't break the chain. One man broke the chain and got his own wife back."

### "Coracle"

## Arena Ceiling Report Anxiously Awaited

Ald. Ed. Williams, chairman of City Council's arena committee, was anxiously watching the mails today for a report promised from a firm of Seattle engineers on how the ceiling of the Memorial Arena should be repaired, but at press time the report had not arrived.

The alderman planned on calling a special meeting of the arena committee to study the report as soon as it arrived, and it was expected the entire council would be called together to take immediate action on any recommendations which might be made.

Work at the arena has been halted until fibreglass sheets coming loose from the ceiling of the big barrel-roofed rink have been repaired.

The city ordered workmen out from under the ceiling in case they were injured by a falling sheet. There was little possibility this might happen, but the action was considered advisable when the Workmen's Compensation Board notified the city the employer could be penalized should an accident occur.

## Young Tories Lose In Vancouver Centre

VANCOUVER (CP)—Ernest G. Sherwood, named Progressive Conservative candidate in the Vancouver Centre federal constituency in a stormy session in April, was again selected at a meeting Tuesday night.

The provincial executive threw out the decision of the first convention after officials had complained the procedure was unconstitutional.

Sherwood was opposed in Tuesday night's meeting by Bob Bonner, choice of the Young Progressive Conservatives. Bonner was defeated, 126 to 69.

## Office Manager's Many Duties Outlined By Head Of B.C.E.R.

A. E. "Dai" Grauer, second from left, president of the B.C. Electric Company, chats with members of the executive of the Victoria chapter of the National Office Management Association prior to addressing the group Tuesday evening. Left to right are: Ernest Harrison, president; Mr. Grauer, Ralph W. Purves, secretary, and H. E. Brown, director.

The many and detailed duties of an office manager, whether in a firm employing five office employees or 5,000, were outlined Tuesday night by A. E. Grauer, president of the B.C. Electric Company, in an address to the Victoria Chapter of the National Office Management Association.

Mr. Grauer noted that functions of an office manager were basically to see that the mechanics of office work were carried out properly, but that they could be extended to include functions of secretary, treasurer, credit manager, personal director and mail clerk.

He outlined the duties of an

office manager as seeing that he did his own job well and "helping the rest of the gang do their jobs well."

"He must select, train, guide, cajole, threaten and encourage each where appropriate in order that workers may do their work to the best advantage. He must give them the fairest deal and best working conditions possible," Mr. Grauer stated.

The type of man needed to fill the position of office manager should be one who is accurate, logical, be of an analytical turn of mind and possess good judgment, the speaker said.

### GOOD HOUSEKEEPER

"It appears that an office

manager must be a superman and 'good housekeeper'—but in an age when supermen are scarce, office management ranges from a one-man job to a small firm to an increasingly specialized function, relating largely to planning and control, in a large firm," Mr. Grauer told his audience.

He added that he believed there has been a tendency to claim too wide a territory for office management so that it is sometimes difficult to see much difference in the functions claimed for the office manager and for the management of the whole enterprise.

Mr. Grauer was thanked for his address by Oliver M. Prentice.

## Arrest, Kidnapping Charge Follows Ss. Seaside Cook's Story Of Beating

Forty-two-year-old Glendon Strong, Dalhousie, New Brunswick, was charged in city police court today before Magistrate H. C. Hall with the kidnapping of Edward Teichman, Vancouver, second cook on the Ss. Seaside, on Monday night.

Strong, a husky six-footer, was remanded to tomorrow to state his election of trial. The remand was given by Magistrate Hall when Claude L. Harrison, city prosecutor, offered his opinion accused should have a little time to think the matter over "because of the seriousness of the charge, a conviction on which carries a penalty anywhere up to life imprisonment."

### HAS BRUISED EYE

Teichman, who laid the information, was also in the court. The only visible signs of damage from the beating he alleges to have taken at the hands of five men Monday evening, was a bruise on one of his eyes. He is a member of the Seafarers' International Union.

Strong told police that he had only been in Victoria about a month, having come here from

Vancouver. Accused was arrested by Detective Louis Callan and Angus Munro at 11 Tuesday night.

This was several hours after they had interviewed Teichman on board the Ss. Seaside, strike-bound ship moored at a jetty near the Esquimalt Government Drydock.

### SAYS FIVE MEN GRABBED HIM

Teichman told the detectives that he was grabbed by five men on the street in front of the Cameo Cafe on Yates Street and dragged into a waiting car.

The S.I.U. man said he was driven out of town in the car beyond the Patricia Bay airport, was closely questioned and struck on route on the face and ribs. About four hours later, when the men had returned to town, Teichman said he was pushed out of the moving car at Yates and Government Streets by two men.

Teichman said the driver slowed down before he was pushed out and that he landed on his hands and knees. After

telephoning his ship, Teichman said he contacted the city police and that two officers took him back to the ship in a prowl car.

### UNION DENIES TAKING PART

The allegation that members of the rival Canadian Seamen's Union were Teichman's captors has brought an emphatic denial from a spokesman of the C.S.U.

Harry Smith, chairman of the local C.S.U., said Tuesday that his union had absolutely nothing to do with the case.

He said that if the incident did happen, "it was arranged and done by a person or party unknown to us."

Mr. Smith and another C.S.U. member, Leslie Jones of Victoria, went to the police station yesterday afternoon and demanded a full investigation into the affair. They promised police every co-operation.

Teichman, in telling his story to the detectives, said that plans of some in the car to beat him and leave him in the Sidney area met opposition from others in the car and that he was finally driven back to town.

## Lawyer Argues Motorcyclist's Death Accident

George Gregory today opened the case for the defence at the trial of 23-year-old Claude Grainger, charged with manslaughter in connection with the death of David A. Williams, 20. The Crown completed its case at noon.

The accident occurred when Williams, a motorcyclist, came into collision with Grainger's car at the intersection of Herald and Douglas Street Feb. 23. The victim subsequently died at the Royal Jubilee Hospital from injuries received in the accident.

Mr. Gregory in his opening address contended that the death of Williams was the result of a "pure accident." He pointed out that a B.C.E.R. bus driver had testified the accused's car was going at a rate of less than 20 miles per hour.

"We have to concede that Roy Grainger cut the corner," he said. "The answer to that is that it had nothing to do with the accident."

John Duncan Grant, driver of a B.C.E.R. bus on Shelbourne, said he overtook Grainger. He said he was driving at 20 miles per hour when he passed the accused's car.

The case is continuing before Chief Justice Wendell Farris. Joseph McKenna is acting as Crown counsel.

## New Spencer Award For College; Eaton's Continues Scholarship

Another scholarship has been instituted for students attending Victoria College. It was announced today by Prof. R. T. Wallace.

Miss Sara Spencer has instituted the Spencer Scholarship of \$100 annually for the leading student in the Humanities of the second year.

The award will be made to the student who obtains the highest total marks in three of the following subjects: English, foreign language, history, philosophy, sociology and psychology. The David Spencer Company had given a \$100 scholarship for mathematics for an unbroken period of 25 years and the T. Eaton Company which purchased the Spencer department store, will continue making this award. The scholarship goes to the leading student in mathematics of the first year classes.

### GAVE \$2,600

The David Spencer scholarship was awarded each year from the 1923-24 college session and on occasion two students tied for the award and both were presented \$100 by the company. In the period the company gave \$2,600 to local mathematics students.

"We are more than pleased to see the Eaton company continuing the fine tradition of the Spencer company in the award."

## B.C. Farmers Warned To Guard Soil As Greatest Heritage

Agriculture Minister Frank Putnam, who will shortly retire from the cabinet, today warned British Columbia farmers that the soil was the basis of all agriculture and the source of all life and that farmers could make their greatest contribution to the prosperity of the province by guarding and improving it.

Mr. Putnam, who is not seeking re-election, made his warning and appeal in an address to the people of the province.

"It has been my constant endeavor to ensure that everything possible was done to develop a greater realization of the interdependence of rural and urban citizens, to impress on the latter that the stability of our whole structure was conditional on the wellbeing and the financial security of our agricultural producers," he said. "I have striven at all times to emphasize the dignity of agriculture as a way of life, as an industry, and its supreme importance in the economy of a nation."

Reviewing some of the steps taken by his department under the Coalition government to assist agriculture, he said too many accept their daily bread with little or no thought of the complex program that have harassed the primary producer or the help he has received from departmental sources in solving his problem.

"To those of you, my listeners, who are farmers, I say, remember that the soil is the basis of all agriculture—the source of all life," he said. "You are merely the steward of that soil. It is a precious heritage. Guard it as such. Leave it better than when it was given you. That will be your greatest contribution to prosperity. Build up the humus—prevent erosion—destroy weeds."

He said that under proper management farms were permanent, non-wasting assets that will continue to produce in abundance indefinitely. As such they must rank at the top of the province's natural resources.

"That is the philosophy I have tried to practice as a farmer myself," he said. "That has been the philosophy on which I based the administration of my department. It was the philosophy on which was given the wholehearted support of the Coalition government."

## Lost Since Monday, Two Fire Fighters In Alberta Sought

WINNIPEG (CP)—A search was under way today for two fire fighters missing in Alberta's Colt Creek region, 160 miles southwest of Edmonton, while forest fires continued.

In Saskatchewan and Manitoba, meanwhile, weary fire fighters have been able to ease up somewhat as rains helped stem the roaring advance of flames through thousands of acres of timber stands.

Missing in the Colt Creek region are Bill Chawrun and A. Bunio of Nordegg, unreported since early Monday. The men were part of a crew of 140 fire fighters brought out Sunday to fight a fire first noticed by a lookout patrol of the provincial forest department.

## Parade Route

Fraternal Order of Eagles today announced the route of their parade Saturday, in which some 200 visitors from the United States, including the Gilemen and members of the F.O.E. will take part.

The parade will start from the C.P.R. wharf to the Legislative Buildings, where Mayor Percy George will give a short talk. The parade will then proceed up Government to View, along View to Douglas, Douglas to Yates, Yates to Blanshard and Blanshard to View.

## C.P.R.'s New Nanaimo Dock Officially Open Thursday

When Ss. Princess Elaine reaches Nanaimo Thursday on her regular trip from Vancouver, she will head for a new berth, the large, new Canadian Pacific dock which will be put into service for the first time when the Elaine comes up alongside.

Aboard the Elaine will be a special party invited by the C.P.R. to attend the opening ceremony in the passenger section of the terminal.

The \$1,700,000 dock, begun late in 1947, incorporates all facilities required for handling waterfront traffic and includes a bus depot.

## Finland Reports He Will Remain As Candidate

E. V. Finland, member of the 20th Legislature of British Columbia, reported today that he would definitely remain in the contest for the Esquimalt seat in the Legislature during the June 15 provincial general election.

"I will run as I was nominated—a Progressive Conservative candidate—and I will support Coalition in the interests of the province and the people of British Columbia," he said.

Mr. Finland was nominated by the Esquimalt District Progressive Conservative Association some weeks ago. Following his nomination another organization, the Esquimalt District Progressive Conservative (Coalition) Association, was formed which co-operated with the Esquimalt District Liberal Association, in holding a joint Liberal-Conservative convention Tuesday night which chose Cmdr. C. T. Beard, a Liberal and member of the last Legislature, as the Coalition candidate for Esquimalt.

A five-way race is thus indicated in Esquimalt. Beside Mr. Finland and Cmdr. Beard others announcing their candidature are: Harry Webber, C.C.F.; George E. Bonner, Independent, and Mrs. Ellen Hart, Union of Electors.

## Building Projects Approved By City

Few major building projects have been authorized in the city in recent weeks, but many permits for comparatively small projects have been issued by the building inspector's department.

Latest work authorized was construction of a \$2,500 frame structure warehouse at 634 John Street for J. Fletcher Manufacturing Company, Savannah Street. The city also took out a permit to build a new washroom and lunch room, at a cost of \$2,000, for garbage collection employees. The quarters will be constructed in the city's electric light plant at the Swift Street garbage wharf.

Sussex Apartments took out a permit to build a mezzanine floor in a store at 1019 Douglas Street at a cost of \$1,500, and H. Mantell was given permission to carry out \$1,500 alterations to a store at 707 Blanshard Street. A permit was issued also for \$1,500 repairs to the Mandarin Cafe, 602 Fisgard Street, damaged in a recent fire.

Thomas E. Phillips, 1119 Oxford Street, a soldier, pleaded guilty in city police court today on a charge of failing to pull over and stop on the sounding of emergency sirens May 14.

## Fort Worth Counts Six Dead In Flood After Cloudburst

FORT WORTH, Tex. (AP)—The death toll in a flood caused by a 12-inch cloudburst mounted to six here Tuesday night as the waters slowly receded. The Red Cross said 13,200 persons were homeless.

The flood, second worst in Fort Worth history, was part of a series of storms which caused at least 12 deaths and ravaged parts of the Texas Panhandle and north Texas.

A tornado which lashed the Texas and Oklahoma Panhandles Monday night injured three persons at Stratford and skipped into Oklahoma where it killed a farmer. Eight were injured in the storm near Spur, in the south plains, Tuesday.

The waters were receding here, but new breaks in levees spread water into lowlands east of the city, and police evacuated 154 persons from the area.

The flood cut off Fort Worth's water supply, and emergency measures were devised until it could be restored.

## Nanaimo To Study Tax Suggestion

NANAIMO—A suggestion of Mayor Percy George of Victoria that the municipal aid tax be equally divided between municipalities and the provincial government will be investigated by the legislative committee of Nanaimo city council.

Municipalities had originally proposed that a 2 per cent tax, rather than a three, be levied, Mayor George said in his letter to Nanaimo council.

An invitation from Victoria, Saanich, Oak Bay and Esquimalt to attend the Union of British Columbia Municipalities convention at Victoria from Sept. 7 to 9 was accepted by council.

## Penny Collector Swept Over Falls

NIAGARA FALLS, N.Y. (AP)—

An unemployed man apparently was swept to his death Tuesday over the American Falls while collecting discarded pennies from a rock in the Niagara River, police said.

Sgt. Leo A. Sutliff of the Park Reservation Police, said the missing man was Leslye Sherwood, 32, of this city.

A friend of Sherwood, Amos Anderson, 22, also of Niagara Falls, and two sightseers saw Sherwood disappear.

## Esquimalt Liberals, Conservatives Name Cmdr. Beard At Harmonious Convention

Esquimalt Liberals and Progressive Conservatives, at a convention Tuesday night, marked by complete harmony, chose Cmdr. C. T. Beard as the Coalition candidate for the June 15 provincial general election.

Cmdr. Beard, who represented Esquimalt in the last legislature, won over Reeve A. I. Thomas of Esquimalt by 13 votes. He polled 66 votes to Mr. Thomas' 53, one ballot being lost.

Following the polling, Mr. Thomas moved that the nomination of Cmdr. Beard be made unanimous. The meeting, which lasted just over an hour, ended with pleas for the Liberals and Conservatives in Esquimalt to unite to assure the election of Cmdr. Beard and the defeat of the C.C.F.

Held in Colwood Community Hall, the nomination convention, which had been preceded by a Progressive Conservative convention which had named E. V. Finland as candidate, got under way following a close check of the credentials of the 60 Liberal and 60 Progressive Conservative candidates and by announcements by S. T. Morrow, president of the Esquimalt District Liberal Association, and R. H. Pooley, president of the newly-formed Esquimalt District Progressive Conservative (Coalition) Association, that each had his 60 delegates present.

## JOINT CHAIRMEN

Cliff Kirkham, vice-president of the Liberal Association, called the meeting to order and Mr. Pooley and Jack Rogers were nominated chairmen. They served as joint chairmen throughout the convention.

It was reported that three sets of ballots had been prepared, stamped and checked by both Mr. Pooley and Mr. Morrow. Four scrutineers were named, two Liberal and two Progressive Conservative.

Mr. Thomas was nominated by Mr. Pooley, who described his candidate as an excellent reeve and one of the best police magistrates in British Columbia.

"The main thing we have got to have before us at all times is the fact we are going to have a harder fight than ever with the C.C.F.," said Mr. Pooley. "They carried Esquimalt (municipality)

CMR. C. T. BEARD

in the last election. Bert can carry Esquimalt because of his popularity."

Mr. Thomas was seconded by S. Spiers.

F. C. Blake, president of the Esquimalt Conservatives, nominated and Mrs. J. R. Horgan, an East Sooke Conservative, seconded the nomination of Cmdr. Beard. Mr. Blake said he proposed Cmdr. Beard on his record. He said the outlying parts of the constituency needed a representative.

Mr. Thomas in a five-minute address before the polling said he was a non-partisan Conservative and a non-partisan Liberal and he supported the Coalition which had given one of the best governments the province has ever had. He said that during his five years as magistrate no appeal against him had been sustained and he had done his work absolutely fearlessly.

"I shall do my utmost to carry out the work of this district," he said, adding that he would work for more equitable taxation and a further study of school costs and taxes. He defended the three per cent sales tax.

## BEAT THE C.C.F.

Cmdr. Beard recalled that both Herbert Anscomb and the late R. L. Maitland, then Conservative provincial leader, had been informed of his candidature before

the 1945 nomination and that he would not have run then had he not been nominated and seconded by Conservatives.

"I did beat the C.C.F.," he said. "I believe I can do it again." Answering those who had claimed he was not aggressive enough, he said he had accomplished more by being polite in his dealings.

During the distribution of the ballots it was found that one ballot was missing but a delegate quickly produced it. Two ballots had been stuck together when they were handed out.

Before the result had been tabulated it was announced that only 119 ballots had been collected and Cmdr. Beard announced that he was willing that these ballots be counted rather than a new set being distributed.

The result was announced by Mr. Rogers and Mr. Thomas immediately went to the platform and said:

"We will make it unanimous, ladies and gentlemen. Let us all get in the fight."

"It was a great privilege and an honor that the Conservatives saw fit for me to carry their banner as a Liberal."

Cmdr. Beard thanked Mr. Thomas and said that Mr. Thomas before the convention had pledged his support.

Mr. Pooley described the convention as one of the most peaceful political meetings he had ever attended, and Mr. Morrow thanked Mr. Pooley for his cooperation in arranging the convention.

As the meeting was about to adjourn the missing ballot turned up but it was not considered. All the ballots were burned before the convention by the scrutineers.

## Searching For Man Lost

EDMONTON (CP)—A spokesman for Western Army Command headquarters announced Tuesday that a search was being made at Hay River, about 600 miles north of here on Great Slave Lake, for a young man missing in the bush since May 7.

He said the man, Paul Robert of Morinville, Alta., was believed to have become lost in the bush about 30 miles southwest of Hay River. Robert carried some provisions.

## Triplets Born To Housewife, Age 15

NEW YORK (AP)—Triplets were born Tuesday to a 15-year-old Brooklyn girl, already the

mother of a nine-months-old son. Mrs. Jean Williams, negro housewife, gave birth to two girls and a boy in the home of her 33-year-old mother in the rear of a grocery store.

The triplets were born with the aid of two radio patrolmen who

drove to the scene, and of Dr. Vincent J. Russo of St. Catherine's Hospital, who arrived after the first birth.

Birds use mouth secretions as cement in making nests of mud, sticks, grass, hair and feathers.

## LAYING IT ON!

AMONG THE MORE STARTLING ANNOUNCEMENTS to be made in the course of the federal election campaign undoubtedly will be that of Mr. J. M. Macdonell, who represented Muskoka-Ontario in the last House of Commons. According to the Canadian Press report, the Progressive Conservative financial critic has suggested that Mr. Macdonell King, as Prime Minister, "made a separate Quebec and has prevented national unity." And the Tory speaker went the final step in declaring that "we can't have national unity... unless George Drew is elected to power."

Now a little bit of exaggeration in the best of intentions is perhaps excusable. But to paint the former Premier of Ontario as the champion of Canadian unity is to embellish the political canvas with a little too much whitewash and not enough factual pigmentation. The mind gropes to find a suitably exorbitant parallel to the thought of George Drew as the Great White Father whose sole purpose in life is to foster Canadian unity without thought of political success or partisan policies. Hitler announcing a holiday to celebrate the Passover? Stalin taking the chair at a board meeting of General Motors Corporation? Vegetarian Sir Stafford Cripps sitting down to a succulent roast of beef? The imagination reels with possible similes, all equally outlandish and improbable.

The man who held out for selfish provincial interests when the Dominion Government and the citizens of the Dominion urgently needed a unified wartime taxation system; the man who teamed with Quebec, exploiting every possible source of dissension to stall Dominion-provincial financial agreement; the man who bitterly fought the federal family allowance legislation for fear the children of one province—not Ontario—might gain some slight advantage over those of another; the man who calculatingly used a wartime military reserve—and is still using it seven years later—to try to foment political embarrassment for a national government which sought only to co-operate with the Imperial war plan; this is the man who is now hailed by Mr. Macdonell as the leader upon whom Canada's "national unity" depends. That may be Mr. Drew's idea of unity, but it is not Canada's—as the balloting for the federal election very shortly should prove.

## JUVENILE "FIRST OFFENDERS"

ANY SYSTEM WHICH CARRIES SUBSTANTIAL promise of reformation for young people who have run foul of the law automatically attracts the favorable interest of Canadians of good will. For that reason the recommendation of the United Church conference in Vancouver, that a division of delinquency be established in British Columbia, deserves consideration. It might be well, however, for those who concern themselves with such matters to give study to the facts surrounding individuals who, at a tender age, appear before our courts and are convicted.

Experienced juvenile officers can tell an interesting story of such cases. In most instances the "first offender" is not unknown to the authorities. He or she very frequently has been warned and admonished on one or more occasions before ever appearing in court. Such warnings have not been heeded. In consequence a continuation of misdemeanors finally lodges the young person in custody, and brings to him or her the formal description of "first offender." That, in itself, is significant. "First offenders" often are multiple offenders before they ever get that name. If some method can be used to correct flaws in their character and impress them with the importance of becoming law abiding, constructively inclined citizens, then it should evoke public support and justify substantial public expenditure. But it would be a mistake, in most instances, to think of the youth who is eventually committed as a lad who has made just one mistake. There are such cases, but it is safe to consider them the exceptions.

## WE SHOULD KNOW

ALTHOUGH WE IN THIS PART OF Canada feel that we have much to offer the tourist—and many thousands of summer visitors appear to share our opinion—we feel moved to put in a word for our "opposite number" on the Atlantic coast: the historic and scenic province of Nova Scotia. The matter has been brought to our attention by a brochure published by the government information bureau of that province, a 60-page booklet containing some of the most beautiful colored photograph reproductions it has been our pleasure to see in such a publication.

To anyone who has viewed some of the scenes—and hundreds of British Columbia servicemen will remember their contacts with "An East Coast Canadian Port"—the booklet will bring pleasant recollections. For those who have no memories to review before their "inward eye," the pictures and text will stir a summer-time longing to see the distant shore. We therefore salute our sister maritime province, and extend con-

gratulations to the Nova Scotia authorities responsible for a most attractive piece of publicity.

## VITAL TO EDUCATION

IT IS A TELLING CRITICISM OF ONE aspect of our educational system that Victoria College authorities have found it necessary to ask permission of the School Board to inaugurate special grammar classes at that institution. The request, arising from obvious grammatical deficiencies encountered among first year college students, has evoked a school board proposal that grammar be restored to the high school curriculum. College and university instructors for some years past have been complaining of the quality of English spoken and written by the students who come to them from the matriculation classes. In later years some students have experienced considerable difficulty in expressing themselves adequately in the essays, reports and theses they must write for university credits. They have had the technical knowledge derived from their scientific or other studies, but their incompetence in the use of coherent and understandable English has been sadly apparent.

One of the important factors in education is the ability to convey accumulated information in clear language to one's fellowmen. Partial literacy is a disastrous hindrance to further progress, and it can be properly avoided only by a thorough grounding in grammar in the elementary and secondary schools. With a good knowledge of the mechanics of the language, any youth should be equipped to make the most of his advanced studies and his post-graduate opportunities. Without such a background he will not be capable of adequately communicating his ideas. Primed with factual education, he will still suffer the handicaps of ignorance.

## SYMPATHETIC, BUT...

CITIZENS OF THIS COMMUNITY HAVE every reason to feel grateful to the Victoria Horticultural Society for its valuable garden festival and other events that attract tourists to this region and bring enjoyment to our own people. In consequence the organization's request to the city for a grant to assist in financing its activities of public interest will doubtless attract sympathy.

But there is an important point which the society should not overlook. Its contribution to the attractions of this region has been a voluntary gesture. As such it is not the responsibility of the city taxpayers. If funds are available to make a token grant, none will begrudge them. On the other hand, the example such a civic donation would provide will be noted by other worthwhile organizations which render public service.

Regardless of their benefit to the entire community—not just the city alone—some embarrassment may arise if one receives help and money is not available for the other. It might be the course of wisdom to recommend that the horticultural society, and any others that merit aid, should seek it by public appeals. Not that we think any the less of agencies which make such requests, but do their applications fall directly within the scope of civic business—particularly at a time when the mill rate has just taken a major jump?

## THE BITER BITTEN

A NEWS ITEM EMANATING FROM the B.C. Dental Association convention in Vancouver last week reveals that dentists do not like going to the dentist. The reason given is that whereas the average patient can only imagine what is going on inside his mouth while the drills buzz and the instruments probe, the professional patient knows exactly what is happening, and his painful experience is thereby made worse.

The reasoning appears sound enough, although often a fearful lay occupant of the dentist's chair can imagine things far worse than could possibly be taking place. That moment when it seems as though the whirling drill has penetrated as far as one's backbone, that cavity that feels like the Kentucky caves, that wrench of the forceps that gives every indication of having carried away at least half the jaw—such are the terrors of those who do not know what really transpires while the "men at work" sign hangs over their chin.

Like the coward, they die a thousand deaths despite their utmost attempts at fortitude. And when one considers that a large portion of the agony is due entirely to imagination—fear of the really big pain that may suddenly arrive, but does not—then a calm professional knowledge of all the "inside" facts would appear to be a welcome boon.

## MAKE THE WORDS COUNT

A RELATIVELY FEW DAYS AGO CIVIC Victoria lent its support to the annual clean-up-and-paint-up campaign conducted here every year. Presumably the endorsement reflected genuine approval of the plan by which citizens are encouraged to tidy their lots and homes and to improve external appearances.

Yet, months after the streetcar rails have been removed from the old Gonzales terminus, piles of unsightly old tires remain scattered at the corner of Fairfield and Foul Bay Roads to mar the approach to the grounds of Margaret Jenkins School. This is but one example of untidiness completely out of keeping with civic pride.

We hear occasionally of action proposed against woodyard operators who leave premises in an unsightly condition. Is there to be one attitude toward the private individual and another toward the city?

## Walter Lippmann

### THE ARMS BILL

THE RELATION between the Atlantic Pact and the arms bill which is troubling the United States Congress will be greatly affected, and, one may hope, clarified, by what happens at the Council of Foreign Ministers. There is strong support for the pact and the United States Senate can ratify it during the early days of the Paris meeting.

But the arms bill, and particularly the appropriations, cannot pass until the end of June at the earliest. By that time the Soviet government will have shown its hand in Paris. And so Congress, as it considers the arms bill, will know fairly well whether the danger of military aggression against Western Europe is waxing or waning.

AS A MATTER OF FACT, the arms bill itself bears little relation to the original conception or to what has been generally said about it. A billion dollars is a trifling amount of money, even as a first installment, if the purpose of the arms bill is to create forces in Western Europe to contain the Red Army. All that the arms bill actually contemplates is the supply of sufficient equipment out of the American surplus to bring the existing forces in Western Europe, which are extremely small, up to a reasonable military standard. A modern armored division costs about \$250,000,000, and so, if the whole sum were used in Western Europe alone, it could not begin to produce a force capable of playing a decisive part in a war. All that the arms bill can do is to arm better the forces which are now almost unarmed.

THAT IS WORTH DOING, indeed important to do, but not for the reasons usually given, not for the reasons which have left Congress so unconvinced. The real value of creating somewhat better armies in West Europe is that they will give a feeling of security against internal aggression, and a sense of confidence in dealing with the revival of Germany. They are related to the Russian military problem only indirectly—only in the sense that they remove any temptation by Russia to intervene in case of internal disorder.

That temptation will exist as long as there is on the Elbe River a Red Army larger than any that Western Europe has, or can in the foreseeable future hope to create. It is here that the deliberations in Paris will become so significant to the arms bill.

IF THE SOVIET government is really prepared to negotiate agreements about Germany which make it possible to reduce the occupation forces and to fix a timetable for their withdrawal, then it will be manifest that the arming of Western Europe is a matter of internal security and of being prepared for the revival of Germany.

If, on the other hand, the Soviet government is intransigent and aggressive in Paris and determined to expand rather than to contract its military position in Europe, then it will be manifest that the arms bill is quite inadequate, and that it should at once be enlarged and speeded up. For then it will be necessary to concentrate American efforts on giving Europe immediately the means of resistance. That will call for a radical revision of United States strategic plans and military program.

IN EITHER EVENT the arms bill and the Paris meeting are now intimately connected. It was not planned that way, of course, but what is developing may be better than what was planned. For Mr. Acheson's hand will be strengthened in Paris if it transpires that the scale and tempo of European rearmament are related to the sincerity and reasonableness of the Soviet proposals.

He will be playing a stronger hand if, with the pact ratified, the arms bill becomes a function of the agreements that are being negotiated—if in substance, satisfactory agreements mean a very modest rearmament; if no agreements mean more rapid and larger armaments.

THERE OUGHT NOT to be any doubt that an arms bill is going to be passed at this session. For an arms bill is in any event necessary, desirable and, in truth, an indispensable token of American good faith. But the scale and tempo of the rearmament can be treated flexibly, and made to depend upon what the Soviet government shows to be its real and present intentions in Europe. (Copyright, 1949, New York Herald Tribune Inc.)

## Quoting

It is my dear wish that we could be friends of the Russian people. If we could only get to them we would be glad to stretch out the hand of friendship. — Winston Churchill.

We are enemies of war. We do not want to see any mother anxious. But we do not want to see our soil invaded. . . . I do not understand how such a policy could be considered aggressive. — Premier Henri Queuille of France.

The British Commonwealth . . . is stronger, not weaker, as it fulfills its ancient mission of widening the bounds of freedom wherever our people live and, for myself, I am proud to fulfill by own appointed share in that mission. — King George VI.

We cannot claim that we are a complete democracy so long as there are any among us who may be compelled to fight for that democracy, but who may be denied the opportunity to participate in it when it has been preserved. — U.S. Vice-President Alben W. Barkley.

## Gentlemen, Be Seated

## A Permanent Crop—A Permanent Living

From The Oregon Daily Journal

THE scene is the heart of the Cascade mountains in Oregon. The town is Oakridge which in a matter of months has grown from a few hundred to more than 3,000. Through the town passes the Willamette highway climbing toward the divide. At its border is the Southern Pacific main line on the way to Klamath and California.

### TREE FARM

The speaker's platform is the porch of what was in war times a C.C.C. camp but is now the local office of Pope & Talbot, an institution among lumber and shipping companies, sprawling northward on the Pacific coast from San Francisco to Puget Sound.

A girls' band from the Oakridge high school plays musically, and has benches for seats, but the others who compose the audience stand. They are logging and sawmill executives, public officials and business leaders and red-hatted loggers in caulked boots, and they mingle with one interest—the new Tree Farm.

Yes, that means growing trees. And Charles L. Wheeler, execu-

tive vice-president of Pope & Talbot, with C. S. Monroe and G. M. Purcell of the unions testify that growing trees means co-operation in the present and, for the future income, industry and a permanent community.

Whereupon W. D. Hagenstein, secretary of the Western Tree Farm committee, explains that the Tree Farm movement, launched in 1941, already covers more than three million acres or 27 per cent of the commercial forest lands in the fir region of western Oregon and Washington.

### TO GROW TREES

To qualify as a Tree Farm the operator must pledge to grow trees, where trees are cut. The requirements are (1) protection against fire and pests because these can change green life into the sterile wilderness with the tragic speed of chaos; (2) stability of ownership faced against old-time cut-out-and-get-out methods; (3) regrowth by natural means and by planting where natural germination falls short, and (4) openness to inspection by trained representatives of the Tree Farm movement.

In 10 minutes of caper and frolic, the Skeeter went through every normal helicopter maneuver with, apparently, effort less ease; then nonchalantly loaded itself on to a lorry. Promptly, the pilot leapt from the cabin of the Skeeter into the cabin of the lorry, and drove away—giving a final twist to his

The Pope & Talbot Tree Farm centering at Oakridge, covers 30,000 acres of timber, aggregating a billion board feet, owned by the company. Adjacent are more than 200,000 acres of national forest land containing five billion feet more.

In other words, an operation in merchantable trees at 60 million feet a year enough to last a century, and with trees growing continuously to maintain supply and industry, the community and the people who dwell therein.

This, the example of the whole fir region growing trees and human beings by means of an industry ranging from trees to markets and constituting an outstanding factor of an economy that need never be depleted.

### PLANNING PERMANENCE

One offers tribute to the acumen of the company executives and workers and the Tree Farm leaders who are planning permanence for profits by growing ultimately, about one and one-quarter trees for every tree cut. Success and survival for a region are included.

## The Latest In Vertical Flight

British Aircraft News Letter

BY GENERAL consent, the "star" of the Royal Aeronautical Society's garden party, held this year at White Waltham Airfield, near Maidenhead, Berkshire, was the Clerva Skeeter, a midjet two-seat helicopter which to the delight of a great crowd, showed itself to be as nimble as a gnat yet, seemingly, of the most amiable temper. It was making its first public demonstration; at the 1948 air display organized by the Society of British Aircraft Constructors it had been only a "static" exhibit.

### GREAT INTEREST

So great was the crowd's interest that when the time came for the pilot to take off for his exhibition flight, he barely had room to spin the rotors. But that was all the Skeeter asked for. In an exactly-judged take-off it climbed away from its admirers in an ascent which was more vertical than that of the balloon, which later, with the president of the society on board and piloted by the famous French balloonist, M. Charles Dollfus, rounded off the occasion with a five-mile flight from the same airfield.

In 10 minutes of caper and frolic, the Skeeter went through every normal helicopter maneuver with, apparently, effort less ease; then nonchalantly loaded itself on to a lorry. Promptly, the pilot leapt from the cabin of the Skeeter into the cabin of the lorry, and drove away—giving a final twist to his

act that was not without its absurdity.

But the lorry was not there by accident, nor dragged in as a "stage property" for a demonstration of precise landing. It was, in fact, the lorry which had brought the helicopter to the scene of its triumph. The Skeeter had an experimental engine, and as a precaution the helicopter traveled by road to and from White Waltham.

### BETTER ENGINE

A second Skeeter is now being built. This will have a more powerful engine of different make, one that has been thoroughly tested and proved in fixed-wing aeroplanes but never before chosen to power a helicopter.

## Estimates—Liberal And Conservative

The Times of London

THE AGE OF THE skull of the Miocene ape, found last autumn in Kenya and now on view in the Natural History Museum, South Kensington, is given, "at a conservative estimate," as 20,000,000 years, and lay ignorance can only be respectfully silent in face of this reckoning, with its adjectival suggestion of possible ages more in reserve. Estimates, unlike voters nowadays, are still born into the world either little liberals or little conservatives, but the adjectives somehow seem to change their color when called into use.

It is the estimate which seems to depreciate or diminish that earns the label liberal. "At a liberal estimate his audience was composed of a dozen adults and as many children" is a phrase which would wither the hopes and presumptions of actor or orator, preacher or politician, without another word being added.

### Good Average

T. D. F. in the Ottawa Citizen  
When a person does half as much as he plans to do it's pretty good, being approximately twice as much as he usually does.

a great deal more than appears on the surface. Here is understatement at its most potent. Used in relation to crowds at a seaside resort, the phrase suggests that the place is bursting at the seams, the sands invisible for the black mass of humanity.

And yet, when there are means of checking exact numbers, when turnstiles click and returns can be made down to the last decimal point, how often it is that the true figure lies somewhere between what would be implied by estimate ("cons.") and estimate ("lib."). Striking a balance is usually a good way of getting at the truth, and wise is the man who never allows conservative or liberal, when it comes to estimates, to sweep the board.

By DEWITT MACKENZIE  
Associated Press News Analyst

THE Kremlin must have been set rocking by the election in the Russian zone of eastern Germany, where more than a third of the voters balloted against hand-picked, Communist-approved candidates for the new "People's Congress."

The Red command had anticipated the usual favorable vote of virtually 100 per cent in such elections. This was to be a triumph for presentation at the forthcoming meeting of the Big Four Foreign Ministers' Council in Paris.

Moscow's strategy was to lay before the council this "People's Congress" of 2,000 delegates which would match the federal republic of western Germany. Not only that, but the Congress contains 500 delegates specially designed to represent western Germany.

In short, the "People's Congress" was to have been put forward by the Russians to represent all Germany.

### WHAT NOW?

What line of strategy the Russians will pursue in view of this upset is a matter of keen speculation in western diplomatic circles. Certainly the so-called "People's Congress" has some magic which it might have held for western Germany had the election been practically "unanimous" as planned.

This revolt of the German voters in the Soviet zone is in itself a momentous development but it seems to me to fit into a picture of much broader significance. Last week-end this column analyzed the statement by Paul G. Hoffman, director of the economic co-operation administration, that "our way of life will be secure if Europe is strong and free in 1952."

What new development could alter the European picture? Well, it would be the failure of Communism to hold the peoples of the various countries which have been absorbed into the Soviet bloc. That is, the rejection of Communism by these peoples.

Now comes this rebuff to the Russians in eastern Germany which was supposed to have been thoroughly communized. We see that there is a powerful anti-Communist element in that zone, and that it dares raise its head.

### AVOID SUICIDE

Windsor Star  
No one in his right mind would go out and commit suicide. But, a lot of clever men do the equivalent by taking too much strenuous exercise at one crack. They feel strong and enthusiastic and they forget their age.

It is not necessary to give up golf or other exercise. The only thing to do is to act your age and get into shape by degrees.

### NOVEL UNION REPORT

New York Times  
The report on "community stewardship" released by the State Congress of Industrial Organizations is a refreshing departure from accepted trade union procedure. It is designed to call public attention to the scope of C.I.O. activities in promoting public welfare and educational projects and in "discharging union responsibilities to the community." The report reflects a growing recognition on the part of many unions in both the A.F.L. and C.I.O. that better wages and improved working conditions for their own members but also to benefit the community through active participation in philanthropic campaigns and other civic services.

### SPEAR AND SHIELD

London (Ont.) Free Press  
An English newspaper, The Daily Graphic, suggests that part of the forthcoming atomic ray tests to be carried out by the Royal Navy, using H.M.S. Arethusa as a guinea pig, will be the use of a special anti-gamma rays paint. After the atomic bomb tests at Bikini by the United States Navy, it was stated that no way had been found to eradicate the effects of the rays from the vessels used. If this new paint developed by British scientists should prove to possess the properties which are hoped for, a valuable advance would have been made in atomic waves protection. This history of war shows a continuing struggle between offensive and defensive armament, between the spear and shield. At present the spear seems to be in the ascendant.

## D. J. Proudfoot Wins Nomination As Third Candidate For Coalition

The Coalition government's slate of candidates for the three Victoria seats in the provincial Legislature is, left to right, D. J. Proudfoot, Mrs. Nancy Hodges and Education Minister W. T. Straith. They will be opposed at the polls by three C.C.F. and three Union of Electors candidates.

D. J. Proudfoot was chosen at a nominating convention Tuesday night as the third Coalition candidate to contest Victoria during the June 15 provincial general election.

Education Minister W. T. Straith and Mrs. Nancy Hodges, both members of the last Legislature, were named candidates by acclamation.

The main issue was for the third nomination contested by Mr. Proudfoot and James Neely. Delegates chose Mr. Proudfoot who received 181 votes to Mr. Neely's 86.

The convention, one of the largest in years, was attended by 275 delegates representing six Victoria wards. E. M. Briggs, first vice-president of the Victoria Liberal Association, was in the chair.

The meeting opened with Mr. Proudfoot moving a resolution for the unanimous endorsement of Mr. Straith and Mrs. Hodges, as two of the three candidates for the general elections. The standing vote was unanimous.

### MOST FITTING LADY

Speaking in support of the motion, Mrs. T. C. Smith, presi-

dent of the Women's Forum, described Mrs. Hodges "as the most fitting lady to represent the women of this province."

"Both Liberals and Conservatives are 100 per cent behind Mrs. Hodges," said Mrs. Smith. "She is well known in the province for the great work she has done on behalf of the women of this province and also for the work she has undertaken on behalf of the old age pensioners."

With regard to Mr. Straith, Mrs. Smith said he was a leader of the church who had devoted "his extra time to the good and welfare of the youth of the province."

Mr. Neely, was proposed by Robert Patrick, and seconded by J. Wilson, a former Saskatchewan M.L.A.

Mr. Neely promised the convention to support the Coalition government and "I will promise there will be no machine," he said. "I mean that."

He was followed by Mr. Proudfoot who was proposed by John Hart, former premier, and H. W. Davey, K.C.

He promised to work with the Coalition party to destroy what he described as the "three great fears" of man—the fear of destitution through sickness, fear of destitution through unemployment and the fear of destitution through old age.

"No dissension must appear in our ranks and the Coalition members will be returned in Victoria and all over the province," he said. "Together with the Conservative Party, we will prove once and for all the C.C.F. is dead and the three great fears will be destroyed."

### MADE UNANIMOUS

Mr. Neely was the first person to congratulate Mr. Proudfoot upon his nomination. He also moved that the nomination of his rival be made unanimous.

Mrs. Nancy Hodges, who was called upon to speak, warned the convention against over-optimism with regard to the result of the forthcoming general elections.

She said there would be no danger of losing the election if everybody "got out and voted." "I have confidence in the sound judgment of the people," she added, "but everybody has got to get out and fight."

Thanking the convention for having chosen her, Mrs. Hodges said she was not going to promise to "bring heaven on earth" if elected.

"I can only do my best," she said. "I've tried to compromise with policy but never with principles. I will do what I consider is right."

Mr. Straith, the last speaker to

address the meeting, reminded the delegates the foundation of the policy of the Coalition Party had originated through Mr. Hart, the former premier.

The policy of the Coalition Party, he said, was to continue to develop the natural resources of the province by laying down new roads, developing electric power and bringing heavy in-

dustries to settle in the province. He said the party would also continue its policy of treating labor fairly.

Federal Fisheries Minister R. W. Mayhew and Mr. Hart also addressed the meeting briefly.

Ed. Whyte was returning officer at the meeting. A. H. Cox, secretary of the association, was also present.

## Impersonators Tied As Talent Winners

Navy veteran "Tiny" Bull shows how he gave his performance which won him a tied first place with truck driver Johnny Page in Tuesday night's Victoria Times Talent Quest at the Odeon.

Two singing impersonators tied as the winners in Tuesday evening's Victoria Times Talent Quest at the Odeon Theatre. They were a 24-year-old truck driver, Johnny Page, 1166 Yates Street, and S. J. "Tiny" Bull, 25-year-old ex-navy stoker.

When the time came to select the winner, Hollywood talent scout Roy Gordon, acting as master of ceremonies, had his hands full trying to make the selection.

As he held his hand over the contestants, the bursts of applause for Johnny Page and "Tiny" Bull were equally enthusiastic. Mr. Gordon shook his head and tried again. By the time he had tested audience reaction four times there was no doubt about it. The audience had judged it a tie.

The performance which won Johnny Page his chance in the semifinals and a chance at the free trip to Hollywood as final winner in the talent quest, was a rendition of "Mammy" which sounded just as if Al Jolson was up there on the stage.

"Tiny" Bull, who spent seven years in the permanent navy and last year wrote and produced the Esquimaux navy production "Nobody Knows," won his honors with an imitation of "Frankie

Lane singing "That Ain't Right," and with an Irish song sung in a soprano voice.

Other talented Victoria amateurs who made their bid for a winning place in the quest included a young dance team, Marie Merriman, 14, of 1466 Edgeware Road, and Brenda Myren, 13, of 870 Phoenix Street, winners in the senior group in the B.C. Dance Festival in Vancouver last April, who did a Hungarian dance; Marilyn Somers, No. 3 Midwood Road, who tap-danced; Bonnie Munro, 117 Superior Street, who did a Hawaiian hula, and Tommy Alexander, 12, and his sister, Johnette, 10, of 2305 Shelbourne Street, a Hawaiian tap-dance team.

Guest artists appearing were the Lorne Elves Trio, a harmonica team which took first place in last week's amateur talent contest, and the Latin-guise specialists, the Cubanaires.

Auditions for the talent quest are held at the Odeon Theatre each Tuesday afternoon at 4. Entry forms may be sent in to Mr. Gordon, care of the Odeon Theatre, or the would-be contestant may apply at the Odeon in person at the time of the audition.

## Parkville Holds Community Day To Improve Park

PARKVILLE—Residents of Parkville village and surrounding district turned out in full force to clean up and improve the recreation grounds in a community park day.

From local cub packs to older residents such as 81-year-old M. McVicker, a bricklayer, who built a chimney at the park cottage, all in the community participated with more than 200 names recorded as helpers on the project, to commemorate the 25th anniversary of the park.

Installation of a water system, completed in one day, was the outstanding job.

## Roosevelt Wins Seat In Congress

NEW YORK (AP)—Franklin D. Roosevelt Jr. Tuesday won a seat in the United States Congress in a triumphant battle with Tammany Hall which his father fought early in his political career 35 years ago.

The lanky, handsome young Roosevelt was the first of the late President's five children to run for office.

He piled up such a commanding lead in the 20th Congressional District special election that his Democratic foe conceded defeat an hour after the polls had closed.

Roosevelt, running on the liberal and "Four Freedoms" parties' tickets after Tammany had denied him the Democratic nomination, garnered 41,136 votes in the 20th District's 179 voting districts.

Benjamin H. Shalleck, who got the Tammany nomination, received 24,332 votes.

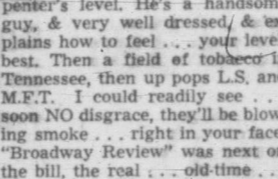

### Me and Television

I'VE JUST SEEN Television . . .

and I'LL NEVER know, how we've got by . . . with just radio.

Just as you wonder wherein was the sock, before the movie could sing and talk. The first thing I saw . . . was a puppet show, channeled from a Seattle . . . studio. And the very first "commercial" . . . seeing persuades, was a sharp comparison . . . of razor blades. Right then I knew, that caricature, when WE televise OUR furniture, "A Crusade in Europe" was the next short, following that another . . . on water-ski sport. Then the announcer at the Seattle mike, started the transcription . . . for "Lucky Strike." The familiar line in which they reveal, "cept a fellow walks around . . . with a carpenter's level. He's a handsome guy, & very well dressed, & explains how to feel . . . your level-best. Then a field of tobacco in Tennessee, then up pops L.S. and M.F.T. I could readily see . . . soon NO disgrace, they'll be blowing smoke . . . right in your face.

"Broadway Review" was next on the bill, the real . . . old-time . . . vaudeville. A boy and girl act, toe & heel, & then a ball-balancing, fin-clapping seal. Then "Fredrick & Nelson" showed a new dress, it's faultless style . . . right there . . . to assess. I could see right away . . . that ANY divan, could be in YOUR home . . . ahead of our van. And WHEN they get color, BOY . . . WHAT A PLUG, to blend it right there . . . with your rug. Or showing the action of a "Thor," then on came a movie . . . starring Eric Blore. Quite an oddie, I think, but rather funny, a butler all involved in matrimony. I was fully convinced, as I left this premier, we will all soon capture . . . these pictures from air. It's a new giant force . . . unleashed to us here, & it comes to Victoria . . . crystal clear. 'Twill be a boon companion . . . to thousands of you, convinced of this, as I saw this debut. As dealers were glad, we'll be handling them, too, 'cause such great entertainment . . . lies in STORE FOR YOU.

### THE SAVINGS YOU'VE WAITED FOR

BOYS' SCAMPERS—Moccasin style. Brown leather topsides with tough laces and rubber soles. Sizes 4 and 5 only. **3.95**

## Citizens Fail To Find Mystery Man

For the first time since the contest started, the May 24 Celebrations Committee's "Mystery Man" roamed a downtown thoroughfare unmolested Tuesday.

Al Davidson, manager of the Odeon Theatre, walked up and down Douglas Street for three hours, but no one stopped him. Each day a different "Mystery Man" patrols a street in the business section. Anyone who stops him with the words "Are you Mr. Mystery Man?" receives a prize, provided he or she has a celebrations committee membership ticket.

## Crime Plots For One-third Of New Hollywood Movies

**HOLLYWOOD (AP)**—Crime does pay—at least at the box office.

That seems to be the thinking of Hollywood producers these days. At least one-third of the films now shooting here are on crime subjects. Many more are awaiting release.

Criminals are being favored because they can be made fast and cheaply. The question is—how much crime can film patrons take?

What's your answer?

**STARS' COMMENT**

Get in now before it's too late.

That's Gloria Swanson's advice to stars who are wondering what to do about television. The glamorous grandmother has had her own show in the east and has big plans for going coast-to-coast. Her view:

"No doubt about it, television is here to stay. And the ones who get in early are the ones who will prosper in it. It's the same as in radio. Most of the big air stars got into radio 15 and 20 years ago."

What's the matter with the movies? Too many stars, says George Raft.

"Back in the old days, nobody else could do a Gable role except Gable. Nobody else could do a Cagney role, or a Harlow role."

"Now they put anybody in anything. Like when they cast Jennifer Jones in the role Lana Turner was going to do. There are two girls who are nothing alike. Yet they are considered for the same part."

## Credit Group Names City Men To Board

Charlton L. Smith of Victoria, and W. G. Ellis, a former city man, have been elected to the board of directors of District 10, National Retail Credit Association.

Election was held at the 28th annual meeting of the association at Seattle and announcement of the results was made by H. G. Barnes, past president.

Mr. Smith is on the staff of National Motors Ltd., and Mr. Ellis is employed by the T. Eaton Company at Vancouver. He formerly was credit manager of the Victoria store of the company before it was sold by David Spencer Ltd.

**The  
DOCTOR  
Says:**

**SCIATICA MEANS PAIN  
IN NERVE, CAN COME  
FROM MANY SOURCES**

By EDWIN P. JORDAN, M.D.

Sciatica means only that pain is present along some part of the sciatic nerve which passes down the back of the leg from the buttocks to the heel. True sciatica can come from many causes, such as diabetes, certain kinds of vitamin deficiency or in connection with other rheumatic conditions.

An infection elsewhere in the body, like an abscessed tooth, can cause sciatica. Whenever the cause can be discovered and removed, improvement usually results. Controlling diabetes, remedying vitamin deficiency or removing an abscessed tooth often brings about complete relief from the symptoms. However, sometimes the cause cannot be found at all.

**PRESSURE AFFECTS NERVE**

When the sciatic nerve is subjected to pressure, either where it comes out of the spine or lower down, sciatic pain develops. The cause of the pressure may be in the spine itself, from some diseased condition there, or from inflammations in the neighborhood of the nerve, such as a muscular rheumatism or even some inflammation or disease within the abdominal cavity itself. Tumors can produce sciatic pain.

Some doctors claim that most "sciatic neuritis" is caused by a hernia of a cartilage-like substance lying between the vertebrae. This is called the nucleus pulposus and good results have been reported from the surgical treatment of this condition.

In cases in which the cause cannot be discovered, the injection of a local anesthetic or salt solution may relieve the pain. Manipulation, together with other measures of physical therapy, are also often useful. Special exercises and X-ray treatments have been employed with success in some of the more difficult cases.

Question: My husband moves.

his legs and feet constantly in sleep, waking each morning with aching muscles.

Answer: This condition could be what has been called "restless legs." According to published reports in the Journal of the American Medical Association, the most characteristic symptoms are a feeling of weakness in the legs and a sensation of cold feet. Disturbance of sleep is common. For relief, people move their feet constantly or get up and move about. Massage has no effect. The unpleasant sensations appear only when the person is at rest, as in sleep or at the movies. The cause is not understood.

## Police Seeking Owner Of 42 Bikes

There are 42 bicycles, a large assortment of loose frames, rims, fenders, handlebars and seats being held at the city police station waiting for owners to claim them.

Constable William Andrews had the chore of cleaning out the bike shed Tuesday and reported the collection, included bicycles reported stolen over the years back to September, 1944.

Some of the bicycles have out-of-date license plates.

Children who can identify their lost or stolen bicycles

should call down and look over the collection.

The check is being made as the bicycle shed is to go. The shed, the garage housing the chief's car and the garage for the patrol wagon and white ambulance are to be reconverted to provide quarters for the new city police traffic department.

**92 Per Cent For Reds**

SOFIA, Bulgaria (AP)—Candidates of the Communist-dominated Fatherland Front received 92.01 per cent of the vote in Sunday's country-wide local elections, an official announcement said Tuesday night. Final returns showed 96.74 per cent of

the registered electorate of 4,784,861 balloted.

**Bugler Dies**  
PARIS (AP)—Louis Seller, 58, French army bugler who sounded the "cease fire" on

Armistice Day, Nov. 11, 1918, died Tuesday.

## Club Calendar

Women's Progressive Conservative Association, Thursday at 2.30, at new federal campaign headquarters, corner Johnson and Broad Streets.

Anglican Diocesan Women's Auxiliary, St. Mary's Parish Hall, Metochin, Friday, May 13, 10.30 a.m., guest speaker: subject, "Newfoundland". Buses leaves - Veteran Stages Depot, Herald Street at 9.45 a.m., returning at 4.15 p.m. Sir Matthew Ballie Regbie Chapter, I.O.D.E., regular meeting, Friday at headquarters at 2.30 p.m.

Colwood Tea—A sum of \$42 was realized at a successful spring tea and sale of home cooking and needlework, held by the Women's Auxiliary of St. John's Church, Colwood. Canon R. J. Jones opened the affair and stated that the sum of \$42 was realized at a successful spring tea and sale of home cooking and needlework, held by the Women's Auxiliary of St. John's Church, Colwood. Canon R. J. Jones opened the affair and stated that the sum of \$42 was realized at a successful spring tea and sale of home cooking and needlework, held by the Women's Auxiliary of St. John's Church, Colwood.

## Miss Sinclair Head Of Schubert Club

Annual meeting of the Schubert Club was held at the home of Mrs. A. H. F. Stelek, 1214 Old Esquimalt Road, last Monday evening. Reports were read from members of the executive and presentations made to Frederick King, conductor; Dorothy Gough, accompanist and Mrs. J. Heller, retiring president. At election of officers, the following were named for the coming year: President, Miss Mary Sinclair; vice-president, Mrs. W. Stephenson; secretary, Mrs. Gordon Mitchell; treasurer, Mrs. J. O'Connor; librarian, Mrs. Frank Tupper; publicity, Mrs. F. Holdridge. At close of the meeting refreshments were served by members of the mezzo-soprano section of the choir.

Adopted Baby—It was reported at the last meeting of the League Chapter, I.O.D.E., that a baby had been adopted in a Glasgow hospital, also that two needy people had been assisted through the "child and family welfare fund. A sum of \$1 was voted as the chapter's share for rose bushes to be sent through the National I.O.D.E., as a gift to Newfoundland.

## Well-Known Couple Return From Toronto

These bright May days have an added charm for Mr. and Mrs. Michael Perry Shepard, who arrived this week from Toronto to renew acquaintances and spend a short holiday with Mr. Shepard's parents, Mr. and Mrs. Perry Shepard, at "Seaward," their Ten Mile Point home. The young couple were married here last June and in the fall left for Toronto, where Mr. Shepard has been studying for his Ph.D. Before coming to Victoria, Mr. and Mrs. Shepard spent several days in Vancouver, where they visited Mrs. Shepard's mother, Mrs. H. R. Maurer. Mrs. Shepard is the former Miss Verene Maurer of this city. (Photo by Bill Halkett)

## Personal Notes

Mrs. Julian I. Piggott, the former Miss Helen Mackenzie, is a visitor in Victoria, the guest of her brother-in-law and sister, Mr. and Mrs. W. Hobart Molson, Rockland Avenue. Mrs. Piggott will be remembered as the youthful chataleine of Government House in the first years of the regime of her uncle, the late Hon. Randolph Bruce as lieutenant-governor. She was married at Government House and returned to England to live, her sister, Mrs. Molson, then Miss Margaret Mackenzie, taking her place as her uncle's hostess. Crossing the Atlantic by boat, Mrs. Piggott flew from Montreal to Victoria, arriving yesterday, for a 30-day visit that will be crowded with reunions. Already plans to entertain in her honor have been announced by Miss Gladys Irving, Mr. and Mrs. F. E. Winslow, Brig. and Mrs. W. G. Colquhoun, Mr. and Mrs. Athol McBean and Mrs. Will Spencer.

Mr. and Mrs. A. Pednault and their two small sons have returned to Victoria following a short visit on Salt Spring Island where they were guests of Mrs. Pednault's parents, Mr. and Mrs. G. Dewhurst, Ganges Harbor.

Mr. A. G. Barker is a visitor in Victoria from San Francisco, staying at St. Mary's Priory, Douglas Street. A former purser in the B.C. coast service, Mr. Barker has many friends in the city. En route north he visited in Portland and Seattle and now expects to spend several months in Victoria.

Mrs. J. L. W. Price, 2741 Dewdney Avenue, entertained wives of the Kinsmen Club executive this afternoon. Her guests included Mesdames Cecil Fletcher, Don Davis, Al Lutes, Douglas Luck, Hector Alexander, Arthur Tunney and Robert Campbell.

Mrs. N. Runge and Mrs. J. A. Weiland of Caulfield, Vancouver, have been spending a holiday in Victoria and at the Island Hall, Parksville. Also registered at Island Hall have been Mr. and Mrs. G. M. Thompson, Vancouver; Dr. and Mrs. H. H. McKenzie, New Westminster and Mr. and Mrs. B. T. Rogers of Victoria.

Mrs. Kaye Lamb and Dr. Dorothy Dallas of the staff of the University of British Columbia left for Vancouver yesterday afternoon following a visit of several days, staying at the Empress Hotel. Both Mrs. Lamb and Dr. Dallas have many friends in the city and they were extensively entertained during their visit. Mrs. Lamb leaves Vancouver almost immediately to join her husband, Dr. Kaye Lamb, who is now federal archivist at Ottawa, where they will make their home.

Miss Dorothy Duckitt, whose marriage will take place May 21, was honored Tuesday evening at a presentation shower given by Miss Betty Russell, 3054 Carroll Street. The honor guest received a corsage bouquet of teas and lily of the valley, and was presented with a Kenwood blanket, the customary gift of Omicron Chapter, Beta Sigma Phi, to its brides-elect. Miss Darlaine Woodburn made the presentation. Later games were played and refreshments served.

Professor and Mrs. Richard S. Eaton and their son, Richard John, are visiting the former's parents at 1216 Rudlin Street during this month. Professor Eaton is head of the music division of the Department of Fine Arts at University of Alberta, and has recently completed a 10-day tour of southern Alberta with an 80-member choir selected from the university's mixed chorus. He will return to Edmonton in June to direct the Western Board of Music Examinations, and later will proceed to Banff where he will conduct a course in choral technique and musical criticism at the Banff School of Fine Arts.

Miss Peggy Lou Parker, a brides-elect of this month, was honored with a "brush-off" shower given by Misses Diane Cox and Dorothy Wills, at the home of the former's parents, Mr. and Mrs. A. H. Cox, Joan Crescent, Tuesday evening. The bride-elect was presented with a broom, mop and various other household brushes. The tea table, covered with a white Chinese cutwork cloth, was centred with a shallow bowl of white clematis and slender white lilies. Guests included Mrs. S. Parker and Misses Barrie Fawcett, Edith Beutelspacher, Lu Ann Armstrong, Kay Firth, Doreen Knott, Ruth Gray, Gerry Kennedy, Joan Gonnason, Marilyn Hunter, Mary Gill and Marion Griffin.

## Junior League Garden Gala, Fashion Show, A Success

More than 200 guests enjoyed afternoon and entertainment at the Olde England Inn, Saturday afternoon, where the Solarium Junior League sponsored a garden gala.

Four large bazaar stalls, home cooking, garden produce, superfluties and handwork were arranged under the trees and the many tea tables filled the lower lawn. A gaily decorated fish pond for children added further color and interest.

Ice cream and cold punch were on sale and a fruit cake, a chocolate cake, a baby dish and a large doll were all offered as prizes to lucky guests.

Victoria High School High girls served tea from a large marquee at the end of the garden.

Warm weather and the attractive garden proved a perfect setting for the fashion show in mid-afternoon with clothes and shoes modeled by members of the league. Featured were summer suits and coats, gay cottons and casual sportswear.

Miss Ida Blanco gave the fashion commentary.

Egg the croquettes with the left hand and crumb with the right. This keeps one hand dry and also makes for quicker work.

## Unesco Needs Leadership And Nation Support To Succeed

"In the beginning it seemed we faced a hopeless task," Dr. A. R. Lord, principal, Victoria Normal School, told the Women's Canadian Club as he described a six-week Unesco seminar at Ashbridge, Eng., at which he was one of three delegates selected by the Canadian Education Association at the request of the Department of External Affairs.

"We numbered more than 60 persons, delegates and staff, with a wide range in languages, racial backgrounds and religions," he said. "Speeches had to be translated, the speakers seemed cold, we did not seem to find a common ground."

## GREAT RESPECT

"But after six weeks of working together and living together, all this was changed. We left Ashbridge with a deep respect and affection for our colleagues and a real conviction that Unesco could do what it had set

out to do, given two things—wise and courageous leadership and the full support of member nations."

Dr. Lord gave his audience a clear, thoughtful picture of Unesco at work in educational, scientific and cultural fields, with special reference to education, in which he is interested.

In this field, Dr. Lord said, Unesco acts as a clearing house for knowledge of what is going on in education programs throughout the world. Conferences are then held to co-ordinate these findings and to ascertain conditions under which educational projects are being presented.

Mrs. H. L. Smith presided at the meeting and introduced and thanked the speaker.

## NOMINATIONS

It was announced that the annual meeting will be held in the Empress Hotel on June 7. Miss Alma Russell, a member of the nominations committee, read the report in the absence of convenor Mrs. A. J. Campbell, as follows: Mrs. H. L. Smith, president; Mrs. W. H. Wilson, first vice-president; Mrs. E. S. Farr, second vice-president; Mrs. A. H. Cox, treasurer; Mrs. V. L. Annett, assistant treasurer; Mrs. E. M. Straight, literary secretary; and Mrs. R. G. McKee, secretary. Seven of the following will be elected to the executive committee: Mrs. A. J. Butterfield, Mrs. R. D. Harvey, Mrs. Gordon Wismer, Mrs. E. Crummy, Mrs. J. A. Henderson, Mrs. F. L. Watters, Mrs. Harold Webster, Mrs. Stuart Kenning, Mrs. W. L. Llewellyn, Mrs. H. J. Scats, Miss L. M. Bowron and Miss C. W. Small.

## Guides, Brownies Entertain Parents

Cedar Hill Guides and Brownies, assisted by guides from Edith Cavell, Joan of Arc, Gonzales, St. John's Cadboro Bay, Oaklands and St. Barnabas, entertained parents and friends recently at St. Luke's Hall.

Divisional commissioner, Mrs. F. W. Midgley, opened the affair. The program was based exclusively on guide activity, concluding with a large campfire led by Miss Elizabeth Holmes.

Brownies Phyllis Noyes and Barbara Clarke were welcomed in the guides; Barbara Lowry, after receiving her golden hands brownie badge was enabled to "fly up" in an impressive ceremony.

Joyce Watkins received her hiker, astronomer and naturalist badges, also a woodcraft emblem, the first to be received in the Greater Victoria division and one of the first in the province. Ina Rawson was presented with her guide second class and second stripe.

In a special ceremony Central District Brownies, Guides and Guiders, presented their commissioner, Mrs. W. S. Emmerton, with a gold fenderfoot pin in appreciation of her work in the district.

A handicraft display was in charge of Cedar Hill company leader, Joyce Watkins.

Honor guests with Mrs. Midgley and Mrs. Emmerton were Mrs. Keith McDougall, East District commissioner, and Mrs. R. S. Bevan, West District commissioner.

Refreshments were served by Central District Local Association under direction of Mrs. Victor Smith.

## Engagements

Announcements to appear under this heading will be accepted at the Times Advertising Department. Minimum charge—\$1.25 for 10 lines and the fee for each additional line.

Mr. and Mrs. R. Fraser of Dufford Road, Langford, wish to announce the engagement of their daughter, Jean Dolena, to Gerald Dwayne Moseley, son of Mr. and Mrs. G. Moseley of Luxton. The wedding to take place on June 17, 1949, at St. Matthew's Anglican Church, Langford.

## Clubwomen's News

Tea Auction—A report on the silver tea and auction sale held recently at the home of Mrs. T. Fulthorp, 447 Kingston Street, by members of the Mabel Burnett Circle, was given at their meeting. Members donated \$20 to the Salvation Army. Letters of thanks were received for the donation to the Cancer Fund, and also for gifts sent to Queen Alexandra's Solarium. Mrs. A. Winter won the mystery prize. Mrs. A. Clarke was co-hostess and Miss Jean Pero assisted. Next meeting will be at the home of Mrs. F. Huelin, 1218 Meadow Place.

Flour the meat for stew in a paper bag. Mix flour and seasonings in the bag. Drop meat in and shake until each piece of meat is well coated.

To prevent steaks, chops or sliced ham curling up when pan frying, score the outer edges with a sharp knife at one inch intervals.

## Family Reception Follows Sidney Wedding

Newly-married Mr. and Mrs. Robert Alan Reid received immediate family members at the home of the bride's parents, Mr. and Mrs. Philip Tudor Newling, Deep Cove, Sidney, following their marriage quietly Monday at 2.30, in Holy Trinity Church, Patricia Bay.

The bride, the former Miss June Hammer Newling chose for her sole attendant, Mrs. David Blanchet, and the groom, son of Mr. and Mrs. R. J. Reid, Dorridge, Warwickshire, Eng., was attended by Ted McFeeley.

Midnight blue faille created the two-piece ensemble worn by the bride. Her matching hat was trimmed with tiny white roses and blue veiling, and in her Colonial bouquet were dark red roses and lily of the valley.

Mrs. Blanchet wore soft grey silk, and her picture hat was of natural straw. She carried a Colonial bouquet of shaded, pink carnations.

Mrs. J. M. Copithorne played wedding music.

At the reception, toast to the bride was proposed by officiating minister, Rev. Roy Melville.

White clematis on the bride's table formed the setting for her wedding cake, flanked by silver candlesticks. Bridal wreath, white broom, lilac, tulips, iris and lily of the valley were placed throughout the lounge.

For the wedding trip, Mrs. Reid added a dusky pink gabardine coat to her wedding ensemble. Her accessories matched her blue hat and she wore an orchid on corsage.

Following their honeymoon Mr. and Mrs. Reid will make their home in Sidney.

Following a few days on Salt Spring Island, the guest of her father, Mr. G. Overend, Mrs. J. Anderson has returned to her home in Victoria.

## Debut In Television For Helen Chevrier

Helen Chevrier, 19, attractive daughter of Mr. Justice E. R. E. Chevrier, Toronto, has made her television debut in New York. She sang two traditional French-Canadian songs. Native of Ottawa, she studied music, drama and ballet at the Royal Conservatory of Music in Toronto. Miss Chevrier is well known to Victoria audiences who attended last summer's Starlight Theatre. She played the part of "Gretchen" in the beloved musical, "Student Prince." (S.N.S. Photo)

## Dorothy Dix

GIRL CHOOSES HUSBAND  
SCIENTIFICALLY

Dear Miss Dix: Do you believe that a girl should look for a husband in a purely scientific manner and consider only those qualities that would make him an ideal mate? Why would it be wrong for me to make an impersonal survey of all the men I know, sorting out their good and bad points and coming to a conclusion as to which one is best suited for me? Need a girl fall desperately in love with a man to make a happy marriage? I believe a husband should be chosen like you buy a new dress. Surely affection and maybe love will come after marriage.

I know that can be a good wife and a good mother, too. Do you think I would be treating my husband fairly if I married him with the knowledge that I wasn't in love with him?

LOUISE

Answer: Theoretically the marriage of convenience should be the preferred risk, for it takes into consideration all of the things about which most husbands and wives fight. John marries Mary not because he is madly in love with her, but because she is of the same social status, belongs to the same church, is a good cook and has a nice dowry. And Mary doesn't marry John because he is her dream man, but because he is a good, sturdy chap who will stay hitched and who will be a good provider.

These marriages of convenience that are short on romance but long on practicality are very common abroad, where they seem to work out satisfactorily; but they are not so popular in this country, where marriage is more of an adventure and less of a life job.

This is what puts the skids under your plan of getting an ideal husband by picking together the good qualities of different men. It can't be done, for there is no such animal as a perfect husband. You have to take them as they come and shut your eyes to their faults.

Nor is choosing a husband like you would buy a new dress a safe bet. No woman can know in advance how her husband or her dress is going to stand every-day wear and tear, nor how soon she is going to get tired of either.

## Scottish Sisters Happily Reunited

Both fair of hair and skin, and with the same blue eyes, sisters, Mrs. Agnes Dobie of Scotland and Mrs. C. Caddell, Niagara Street, are together after nearly 40 years' separation. Another sister, Miss E. Hassan, was absent when the picture was taken.

An ocean and a continent ceased to separate a family of sisters when Mrs. Agnes Dobie came from her home in Knightswood, a suburb of Glasgow, Scotland, to visit her sisters, Mrs. C. Caddell and Miss E. Hassan, Niagara Street, for three weeks. Nearly 40 years ago Mrs. Dobie said farewell to Mrs. Caddell when she left her Scottish home to come to Canada as a bride, and although they have corresponded regularly, the two have not seen each other since. When they did finally meet, they were so overjoyed at being together again, they were completely at a loss for words.

"There was so much we wanted to talk about and yet we were practically speechless," Mrs. Caddell tells you.

BY PLANE

Mrs. Dobie left Scotland by plane—her first long flight. She explains that nothing out of the ordinary happened "except that we were delayed for 10 hours in Iceland, because of snowstorms."

Before coming to this coast she visited two other sisters, Mrs. A. McKendrick and Mrs. B. McKendrick in Ottawa, both of whom married brothers. She was accompanied from Scotland by Mrs. A. Ramsay, a sister of the McKendricks' husbands, who remained in Ottawa.

Since her arrival in the city on May 6, the days have passed all too quickly for the Scottish visitor. Friends have entertained the

sisters daily, and with a pleased laugh Mr. Dobie says "the people here are so kind. Why my date book is filled right to the very day I leave."

The variety of meats, vegetables and other foods in Canadian stores has been a source of amazement to Mrs. Dobie.

"We're not starving by any means in Scotland," she explains, "but meat and butter and bacon is still on ration, and there is not nearly the variety you have here."

## LIKES OUR NYLONS

Canada's nyons, too, bring pleased smiles, and she tells you that while there may be nyons where she lives, it's almost impossible to purchase a pair.

"We rely on silk hose. And the better quality stockings runs fairly expensive."

Tobacco, also comes under the list of "hard-to-find." Mrs. Dobie states, and then points out that even when tobacco is to be found, one thinks twice about purchasing it, for the cost is approximately 84 cents for a package of 20 cigarettes.

Scottish stores are beginning to show variety in clothing once

more, especially now the coupon ration has been lifted, Mrs. Dobie says.

"I had been saving my quota of coupons to buy a new coat for my planned trip, and first as I managed to get the 18 required coupons, clothing rationing ended," Mrs. Dobie exclaimed.

"But the very next day I went out and bought my coat just the same," she added.

And Mrs. Dobie has a right to be proud of her new coat for it is a full, gored-back diagonal tweed, beautifully tailored and of excellent quality.

Only one detail mars Mrs. Dobie's perfect trip. She can't take anything back with her, for she explains, "I was only allowed to bring five pounds out of the country, and at the Canadian rate of exchange, \$3.25 per pound, there isn't a great deal one can do."

When she returns to eastern Canada, en route home, she will visit the McKendricks once more. Then with Mrs. Ramsay she will return to Scotland.

"And you may be sure when I get home I'll tell all my friends about the wonderful Canadian people, and the grand time I've had," Mrs. Dobie concludes.

## Your Baby And Mine

By MYRTLE MEYER ELDRED  
ORPHAN BELIEVES SHE IS  
PUNISHED TOO SEVERELY

The following is one of those letters which might have various interpretations. A 16-year-old, who does not give her name or address, seems to be in need of help.

"I am an orphan," she writes, "and for the past eight years I and my 14-year-old sister have boarded with a woman and her sister. They are both maiden ladies, and my guardian is very strict with us.

"We must be polite and mannerly at all times. We have household chores, such as cleaning our room, making our beds, washing most of our clothes and so forth.

"We have to be at home at 9 o'clock every night except on movie nights and other special dates when we can stay out until 11.30.

"If either my sister or I break one of these rules we are whipped soundly by our guardian with the other sister as a witness.

"Last Friday my sister took a dime from the guardian's dresser and she beat my sister with a strap until her buttocks were blistered. Then she made her write one hundred times that she had stolen money.

"There is never a week but that one or the other of us does something that she thinks deserves this punishment. We told the investigator, but she just laughed and said that a whipping now and then did no one any harm. Will you offer us some advice in your column?"

You are not being asked to do one thing that any child in its own home would not be expected to do. You have reached an age when you resent domination and neither of you, obviously, has any love or respect for this guardian. She is sadistic in her behavior but presumably she feels that she wants to rear you

W.A.A.F. Needs  
More Recruits,  
Commandant Says

OTTAWA (CP)—At least 14,000 women are wearing the trim blue uniforms of Britain's Royal Air Force, and the head of the Women's Auxiliary to the R.A.F. says this figure will be increased to 26,000.

Tall, smiling air commandant Felicity Hyde Hapbury, director of the W.A.A.F. since 1946, stepped from a United States Army plane at Rockcliffe Airport yesterday into the Canadian sunshine.

She said it was "a thrilling experience" to be on this, her first visit to Canada.

The air force head has been touring the United States for the last month, and will return to Washington before traveling back overseas. On this semi-official visit to the Dominion she will meet R.C.A.F. officials in Ottawa, Trenton, Ont., and Toronto.

Britain's objective in bringing women into the R.A.F. is "to substitute women for men, wherever practicable, throughout the service," she said in an interview.

The women are entering the service at the rate of "130 a week," and the program aims at building the women's division to 26,000. At the moment there are 12,000 W.A.A.F.'s stationed in Britain and some 2,000 "chiefly in the Middle East and in Germany."

Many are flight mechanics, several of whom serviced aircraft during the Berlin air lift. Others are equipment assistants, clerks or radar mechanics. Recently women have been permitted to become nursing orderlies.

"This included training in parachute-jumping," she said, explaining that the orderlies go with medical teams on rescue operations, giving first aid to persons stranded in remote areas.

Women entering the R.A.F. must be between the ages of 17½ and 36. A girl becomes of age when she is 18, and the age limit was lowered to 17½ because the R.A.F. believes young applicants should have their parents' consent before joining the service.

Tories Oppose Plan  
To Nationalize Pubs

LONDON (Reuter)—A bill to put all the inns and "pubs" of new towns in Britain under state management—described by the opposition as a first step toward nationalization of the brewery trade—was passed by the House of Commons Tuesday night.

It now goes to the House of Lords.

An opposition amendment to reject the bill, supported by Winston Churchill and other Conservative leaders, was defeated by 305 votes to 187.

Sir David Maxwell Fyfe, former Conservative Attorney-General, said he thought it intolerable that in a democratic country in peacetime there should be "interference with the right of the ordinary man to choose the type of draught beer which he wants to drink."

When a recipe calls for melted butter, always measure the butter after it has been melted, not before.

To prevent cakes from sticking to pans, sprinkle the tins with equal parts of flour and fine sugar.

## 1950 Census Will Show 150,000,000 People In U.S.

By DOUGLAS LARSEN  
Victoria Times Correspondent  
WASHINGTON—The 1950 census is going to be so scientific they already know just about everything that it's going to reveal.

There will be 150,000,000 people counted, a 15,000,000 increase over 1940. For the first time in the history of the U.S. more women than men will be found. There will be fewer farmers, more kids, more old people and a lot more people in the west.

Spot checks on the population

have revealed those facts. The 1950 census will merely serve to fill in the details and confirm the accuracy of the spot checks. They know there will be more kids counted because of the high birth rate of the last few years. And increasing the life-span of the oldsters means more of them around.

Apart from getting this detailed basic information on the number of persons in the U.S., the Census Bureau is still up in the air about what other information to seek. There is no pressure from many sources to include all sorts of questions for the enumerators to ask.

### WHAT COLOR HAIR

The cosmetic and beauty shop industry wants to know just how many blondes, brunettes and red-heads there are. The radio industry wants to know how many people own radio and television sets. The banking industry would like to know how many people owe money and how much. Other demands for questions would try to find out how many people have dogs, how many collect stamps, how many have made a will and how many wear long underwear.

A special committee of statistical experts is still helping the bureau decide what to include in the questionnaires.

The biggest uncertainty is over whether to include a group of housing questions. Combining a housing census with the regular decennial census would be much cheaper than making a separate housing census later. A bill is now in Congress which would provide for this combination.

The real reason for Congress ordering a census to be taken every 10 years is almost forgotten in the rush of special interests to get questions included. The primary purpose is to determine how many members there should be in the House of Representatives and how that number should be spread out among the states.

### HOUSE REPRESENTATION

In 1941 Congress passed a law which virtually fixes the size of the House at 435 members, regardless of an increase in national population. But it sets up a complicated formula for changing the number from each state in accordance with population shifts. California is fairly certain to gain approximately seven seats in the House. Other western states also are expected to gain seats.

Based on the census which they haven't taken but which they know all about anyway, the

PACIFIC - 285 Ships	ATLANTIC - 409 Ships
2 Aircraft Carriers	1 Battleship (U.S.S. Missouri)
3 Light Carriers, Carrier Escorts	6 Aircraft Carriers
6 Cruisers	8 Light Carriers, Carrier Escorts
53 Destroyers, Destroyer Escorts	12 Cruisers
38 Mine Ships, Patrol Craft	117 Destroyers, Destroyer Escorts
28 Amphibious Craft	61 Mine Ships, Patrol Craft
123 Auxiliaries	56 Amphibious Craft
32 Submarines	100 Auxiliaries
	48 Submarines

**SHIFT FLEET POWER TO ATLANTIC**—With a great part of the U.S. fleet in "mothballs," the remainder of that navy's 694 fighting ships will be distributed as shown here, according to the budget for fiscal 1950. Only one battleship, the U.S.S. Missouri, will remain in active service. It is significant that the Atlantic fleet will now outnumber the Pacific in all classes except auxiliary vessels.

bureau's experts make the following predictions:

"The 40,000,000 families of today will grow in number to between 43,000,000 and 47,000,000 by 1960. The number of families will increase during the next 15 years at a higher rate than total population. The sex ratio is likely to show little change from the present but, without substantial immigration, the present small excess of females may increase slightly. The proportion of foreign-born will decline greatly—unless immigration is considerably increased. The ratio

of non-whites to whites will increase slightly."

Business and industry are perhaps more interested in the census results than are the social scientists. A shift of population

away from the farms indicates a greater need for farm machinery to do the work of the persons who have left. The huge crop of babies means an increased demand for baby clothes and pabulum, a great increase in demand for school supplies the year that crop reaches school age and so on up until that generation starts getting married and needs an increase in wedding ring production.

City detectives are investigating an assault case in which Louis Bond, 32, of the St. Francis Hotel, suffered a fractured collar bone last Friday night in front of a local cafe. Bond told police he was attacked by two men who were apparently bent on robbing him. Nothing was taken from him, however, he told officers.

### STITCH IN TIME

Spraying to protect your garden should begin before insect or fungus damage is apparent. After the damage is done, it is too late. You can count on the same enemies that attacked the garden last year.

## Remember These Do's And Don'ts Of Bike Safety

Springtime means bike time all over the country. And bike time means accidents, injuries and even death if youngsters or adults are careless and take unnecessary chances "on the road." Here are some do's and don'ts suggested by the National Safety Council for safe cycling.

**DO** use arm signals to warn those behind you intend to slow down, stop or turn. Bicyclists must follow road rules just like motorists.

**DON'T** hitch to moving vehicles of any kind. This is one of the most dangerous bike stunts, takes many lives and brings countless injuries.

**DO** have a dependable headlight on front and a good reflector on rear for necessary night-riding. Remember—risk your life as the sun goes down.

**DON'T** carry passengers on the crossbar or handlebar. Don't break this rule, even for your best girl. This is one of the chief causes of "crack-ups."

**DO** ride single file on the extreme right side of road. Riding abreast or weaving in and out of traffic confuses motorists, boosts chance of accidents.

**DON'T** ride bike on sidewalks when there are pedestrians or playing children. Dismounting and walking your bicycle around them means safety.

## MacKinnon To Keep Portfolios Awhile

OTTAWA (CP)—Hon. J. A. MacKinnon, who has been trying for months to retire from the cabinet, moved a step farther away from his goal.

He was sworn into the Senate, all right—in line with an appointment made last week—but he also took on two portfolios temporarily to relieve campaigning cabinet colleagues.

The burly Albertan had been Mines and Resources minister until he gave up that portfolio recently because of ill-health. He then became minister without portfolio, as State Secretary Gibson took over the resources job.

Monday, Mr. MacKinnon was appointed again as acting Resources Minister and also as acting Trade Minister—another portfolio he previously had held. Mr. MacKinnon's dual jobs will free Mr. Gibson and Trade Minister Howe for work on the hustings.

He will be one of two senators in the cabinet. The other is Hon. Wishart Robertson, a member by virtue of his post of government leader in the Senate.

In the first nine months of 1948 the Netherlands lost 115,000 man-days through strikes.

## NEW...CREAM DEODORANT with CREAMOGEN

...safely STOPS under-arm PERSPIRATION

[51% Creamier—Does Not Crystallize]

1. Instantly stops perspiration 1 to 3 days, keeps armpits dry. Acts safely, as proved by leading doctors. Arrid is Canada's biggest-selling deodorant.
2. Does not rot dresses or men's shirts. Awarded American Institute of Laundering Approval Seal—harmless to fabrics.
3. Does not irritate skin. Can be used right after shaving. Antiseptic. Safe. Preferred by 117,000 nurses.
4. A pure, white, stainless vanishing cream. 51% creamier with new ingredient Creamogen. Guaranteed not to crystallize. Stays creamy to bottom of jar.
5. Removes odor from perspiration on contact, in 2 seconds. Antiseptic action gives lasting "shower-bath" freshness for 48 hours.

GUARANTEED NOT TO DRY OUT IN JAR. We guarantee your jar of new, 1949 Arrid will not dry out or crystallize, or new jar free upon return to Carter Products, Inc., Toronto, Canada.

Pepsodent Tooth Powder cleans your teeth more thoroughly—cleans better between teeth—gets rid of every trace of dull film. That's why New Pepsodent with Irium gets your teeth cleanest—and when they're cleanest they're whitest. Ask for Pepsodent Tooth Powder today—you'll love Pepsodent's delicious, fresh taste

**PEPSODENT** gives the **WHITEST** teeth

## Periods Of Prosperity Coincide With Liberal Rule—St. Laurent

By Canadian Press  
Prime Minister St. Laurent at Summerside Tuesday night rounded out a two-day campaign tour of Prince Edward Island.

George Drew, Progressive Conservative leader, spent Tuesday in Nova Scotia, and M. J. Coldwell, C.C.F. leader, was in New Brunswick.

Mr. St. Laurent told an audience which packed Summerside's Capitol Theatre, it was "more than coincidence" that Canada's periods of prosperity had coincided with Liberal administration.

By the same token, he said, the periods of depression had coincided with Conservative rule, "and even if that is coincidence, why not play safe" at the polls June 27.

The Liberals had "tried to serve Canada well and have had some success in promoting the interests of the majority of the people." They felt they had the policies and the experience which would profit Canada in the future.

The Prime Minister said his government will be ready to contribute to a Trans-Canada highway just as soon as agreement is reached with the provinces. It was a provincial responsibility to pick the routes, "but it is probably desirable in the national interest to have a connecting link from coast to coast."

### WANT NO AMALGAMATION

At Truro, N.S., George Drew declared his party's opposition to amalgamation of the country's two main railways—the Canadian Pacific Railway Company and the Canadian National Railways—and said great changes in the employment centres of Canada would take place if the two lines were joined.

His party believed the country's two railways should be operated as separate systems, although it felt there should be decentralization of offices and repair shops. The services should be expanded and improved.

At Moncton, N.B., Mr. Coldwell said the C.C.F., if placed in power in the June 27 general election, would take early action on the formulation of a national transportation policy.

The C.C.F.'s policy called for the integration, where possible,

of rail, road, water and air services so each could be used most effectively. The railways would be preserved for heavy traffic and would be fed by the other services, particularly trucking.

He predicted the C.C.F. would make "substantial gains" in the June 20 voting but conceded that "we don't know whether we will make large enough gains to form a government."

Gordon Graydon, top-ranking Progressive Conservative member of the last House, spoke at a party nominating convention at Lindsay, Ont., and said high taxation alone has "spelled the death warrant" of the Liberal government.

## Plan To Irrigate 240,000 Acres

MEDICINE HAT, Alta. (CP)—Government auditors and irrigation engineers today opened a complete investigation of Canada Land and Irrigation Company holdings to prepare an agreement of sale for consideration of the federal government.

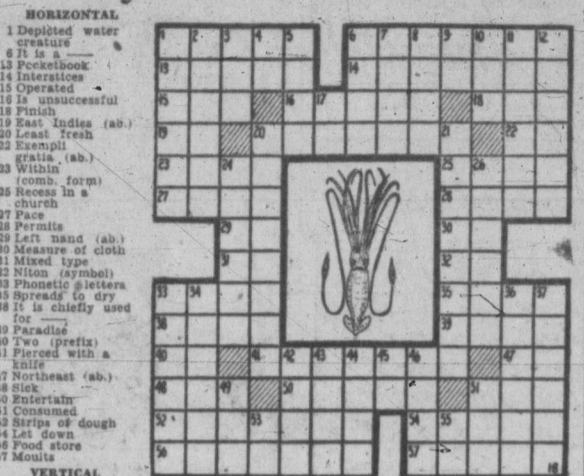

The plan was announced Monday night by Agriculture Minister Gardiner after a closed conference with Dave W. Hays, general manager of the company.

Terms of the suggested sale were not revealed, but it is understood to be in the neighborhood of \$225,000, with an additional federal expenditure of \$3,500,000 required to complete the extension of irrigation works from Vauxhall to Medicine Hat. The plan would open some 240,000 acres of irrigable land, part of this the title of the title of the province. The Alberta government is already in agreement with federal authorities to bear its share of the development.

### Fourth Brother Dies

NEW YORK (AP)—Death Tuesday claimed the last of four brothers stricken with an incurable disease of the muscles, Richard N. Hooker, 16, died at his home of muscular dystrophy just two weeks to the day after his brother, Reginald, 14, died of the same ailment. Robert Hooker died two years ago, about a year after the first of the four, Gerald, died of the muscle disease.

## Garson Challenges Drew To Debate

STURGEON CREEK, Man. (CP)—Justice Minister Stuart Garson said here Monday he was willing to debate Dominion-Provincial relations with George Drew, national Progressive Conservative leader, "at any mutually convenient time."

Addressing a Liberal Party nominating convention for Selkirk constituency in this town six miles west of Winnipeg, Mr. Garson added, however, that he could see "no useful purpose whatever" in publicly discussing the subject with G. S. Thorvaldson and John McDowell.

Both men are Progressive Conservative candidates in the federal election who had chal-

## Driver Jailed, License Suspended

Howard Leverington, Michigan Street, was sentenced to seven days in jail and his license was suspended for three months by A. I. Thomas, J.P., in Provincial Police Court Tuesday.

He appeared for judgment on a charge of being intoxicated while in control of a car on the Island Highway May 8.

Leverington was arrested by Constables William Stark and H. T. Gaskill after they saw his car weaving about the highway, according to evidence given at the trial. He was involved in no accident.

He challenged the Justice Minister to a debate on the 1947 Dominion-Provincial agreements.

## 512 Candidates Named So Far For Federal General Election

By Canadian Press  
Candidates to a total of 512 have been nominated to date across Canada for the federal general election Monday, June 27. It was shown today in an unofficial compilation by the Canadian Press.

It is expected that possibly as many as 1,000 candidates will be in the field when official nominations close Monday, June 13—three and a half weeks from now—in the country's 260 constituencies.

Two of these constituencies—Halifax and Queens, in Prince Edward Island—return two members each, bringing to 262 the number of members of Parliament to be elected.

The 1945 general election returned 245 members. The total has been increased by 17 to 262 through the addition of seven members for the new province of Newfoundland and 10 to represent new ridings created in a redistribution of Commons seats enacted in 1947.

The Liberals lead the nomi-

nating race, with 174 candidates named so far. There are 148 Progressive Conservative standard-bearers, 127 C.C.F., 38 Social Credit, 17 Labor-Progressive, six Independents, one Independent Social Credit and one Labor.

## Johnson Campaigns In Central B.C.

PRINCE GEORGE (CP)—

Premier Byron Johnson said Tuesday night he had no objection to socialism if socialism meant only social security services such as were being instituted by the present government.

Addressing a Coalition meeting here in support of Harry Bowman, candidate in the Fort George riding, the Premier said he did object when it came to taking over private industry.

"A private enterprise government," he said, "is giving away more social security than any province in the Dominion."

## Missing Airmen's Wives Offer Reward

SAN FRANCISCO (AP)—The wives of the three men who disappeared on a B-26 bomber near Portland, Ore., April 21, have offered a \$1,500 reward for clues to their fate.

En route from Hamilton Field, Calif., in the Air Force B-26, the three radioed they were near Portland, their destination. Bad weather and a faulty radio prevented a quick landing.

That was the last heard from, or of, them.

# Lessons Taught By Hitler In Defence Plan For Western Europe

By EDWARD CURTIS

LONDON—Lessons taught by Hitler are being used to plan the defence of western Europe against Communism.

The North Atlantic Pact is the first step in using these lessons of World War II.

"An aggressor now knows," said one military officer, "that if an attack is made on any of the free western European nations, he will be at war with all of them, plus the United States and Canada."

"There will be none of Hitler's tactics of knocking off the countries, one by one."

Military officers of several nations agree that the unity of the 12 nations in the North Atlantic pact is its main value—now.

## ANTIRED LINE

Its signing stepped up the tempo of defence planning. These recent steps were taken to mold the anti-Red line from the Arctic tip of Norway to Italy.

1. Eight nations asked the United States for arms and money to build their own weapons.

2. The four naval powers of the Brussels pact—Britain, France, Belgium and the Netherlands—organized naval and air defence games for early this summer.

3. The five Brussels pact powers, the four naval powers and Luxembourg, announced after a meeting of defence ministers that their defence strategy for western Europe was complete.

4. About 70,000 troops of the U.S. occupation force in western Germany went on spring manoeuvres.

There are growing hints too, that the five Brussels powers will stage land manoeuvres soon.

On the request of western European powers for arms, the United States replied that it would ask Congress to provide the money and authority for such a program.

American officials here said the initial needs for arms probably could be filled from surplus stocks.

## HARD CORE

The Brussels pact powers already have laid down a defence line, extending from the Dutch coast to the Swiss Alps. This would be the hard core of any defence of western Europe.

Italy's job would be to guard

the southern flank of this line. She would be linked to France to the west, with the passes to her north and northeast to defend.

Another flank job—to the north—would be left to the Scandinavian countries of Denmark and Norway.

But the main line stretching over western Europe would be that of the Brussels pact powers.

Military men say that the obvious route of a thrust from the east would be along the great northern plain. This plain stretches from the heartland of Russia across Poland and Ger-

many and down into Holland, Belgium and France.

## WELL USED ROUTE

Armies have used this route for centuries. It is the northern flank along this route that Denmark, backed up by Norway, would be asked to guard.

The same military men declare the best natural defence of western Europe in this area is the Rhine River. The next natural defence line is that of the Pyrenees Mountain chain on the Spanish-French frontier.

The Rhine is wide and swift in most seasons. If the Rhine is lost, defending forces could fall back to the Pyrenees line. Behind that, across the narrow neck of the Mediterranean at Gibraltar, is north Africa. There reserve forces could be built up.

Spain is not a member of the Atlantic pact, but Portugal on the Iberian peninsula is. Military men say that if the western allies decided it was worth it to keep a foothold in Europe, Catholic anti-Communist Spain could be brought into the pact. Spain's harbors, and internal communications also could be built up to supply such a holding force.

## MODERN EQUIPMENT

But in the case of both natural barriers, infantry and tank men warn that defending forces must have modern, mobile equipment.

Above all, the defenders must have air superiority.

If an aggressor seized control of the air, airborne troops could be dropped over any natural barriers and bridgeheads built up.

This is a technique which Hitler used in the lowlands. Hitler was able to turn the French Maginot line, from the north. France, thus left, alone with few natural barriers, was unable to hold out.

To the north, military men here feel that Russia's common frontier with Norway in the far north is not a particular danger point.

"There you would be operating in Arctic conditions," they say, "and it would be necessary to work your way down into Norway over mountainous country whose coastline is deeply cut by fjords."

"That would be a very rough and dangerous operation."

"It would be better to get into Denmark by the north European plain. Then use sea and air-borne troops to take Norway and Sweden."

## SWEDEN ALONE

Sweden is not a member of the Atlantic pact. Instead, she wanted to work out some sort of a Scandinavian security arrangement, independent of either east or west.

"It remains to be seen whether in event of attack in western Europe Sweden could remain neutral as she did in the last

war," one military source declared.

Sweden has many industrial plants which an aggressor might find helpful to making war. She ranks with the Saar, the Rhur and the northern Belgian industrial area as production prizes for any invader.

Cushioning any invasion from the east in the foreseeable future would be the occupation forces of the United States, Britain and France. But they would be working under two handicaps.

1. For the most part, the lines separating the eastern zone of Germany from the west was laid down for political considerations, and not for defence. These artificial lines do not follow any particular strategic natural line or barrier.

2. The first job of the troops of western powers is occupation duty. Despite spring manoeuvres, such as those of the U.S. occupation forces, military men here believe any defensive action of such troops would only be delaying rather than holding.

## REGROUP BEHIND RHINE

But even then, the military men say, this delaying action would permit reinforcing and regrouping along the Rhine line.

While the bulk of the help for rearming western Europe for defence is expected to come from the United States, Emmanuel Shinwell, Britain's defence minister, also has pledged his help.

In submitting Britain's defence budget for the next fiscal year to the House of Commons he said recently Britain would help her Brussels pact allies to rearm even if she has to draw substantially on our own reserves.

He said Britain is pushing research and development of its own arms. Britain, he added, could not make much new equipment, but could modernize its old.

Although Britain is lacking in heavy bombers, it is one of the world leaders in jet fighter aircraft. Some of these have been sent to France. It is expected that more western European countries also will be equipped with these swift air defenders.

## B29'S FOR BRITAIN

The U.S. has B29's—capable of carrying atom bombs—now based in Britain. There has been some talk, so far unconfirmed officially, that Britain might receive B29's from the U.S. for use by Britain's own R.A.F.

The initial equipment needed for rearming western Europe probably will come from surplus supplies in the United States. American officials here say this would be the first step. Next would be that of setting up replacement parts and supplies. These might well be manufactured in Europe.

Thus, this gigantic rearmament program might well gradually work into an extremely significant military development. Standardization of most weapons and equipment of the North At-

lantic Pact allies. Such standardization would be a terrific strategic advantage.

Already, there has been an exchange of technicians among the western allies.

The basic idea in the rearmament of western Europe, U.S. sources here say, is not to give immediate equipment and let the matter drop. The immediate equipment is to help them now. The European nations also would be added to produce their own military supplies.

## STRENGTH LOW

Extreme secrecy now guards the exact plans and amounts of equipment western European nations have. But it would not be a rash guess to place their present strength at a low level.

Here is the way a 41-year-old former British naval officer, Reginald T. Paget, put the comparative strengths of east and west in Europe. He was speaking during the recent defence budget debate in Commons.

He placed Russia's strength in the Soviet zone of Germany at 30 divisions, included eight armored. Behind that was a mobilization strength of 300 divisions, and probably eventual strength of 500 divisions.

He said for the west to keep such forces would wreck its economy. "One has to find other means of meeting that sort of threat," he said. He suggested a fast moving force of 20 divisions, able to operate under superior air cover.

He estimated France has five

divisions in France and two in North Africa, that Belgium has at most three divisions and the Dutch, probably two. Luxembourg's force is small.

Paget said the United States would be the reserve pool of manpower "in any war that one contemplates."

## FURNACE CARE

When the heating season ends, drain and dry the water pan of your furnace and make sure that no rust accumulates in it during the summer months.

## Failure Of Big Four Has Boudreau Worried

Lou Boudreau is a worried man today. The peerless playing pilot of the world-champion Cleveland Indians is burdened by a problem emanating from a most unexpected source—the Tribe's vaunted pitching staff.

"I know we're not hitting a lick," Boudreau said before last night's 4 to 3 loss to the New York Yankees. "But that doesn't worry me half as much as my pitching."

"Every one of my big four—Bob Feller, Bob Lemon, Gene Bearden and Steve Gromek—has been laid up by injuries. I haven't gotten a complete game from any of them for nearly two weeks."

Feller has been bothered all season by a sore shoulder and Lemon tore a rib cartilage while pitching against the Yankees in Cleveland last week. Bearden still hasn't fully recovered from a pulled leg muscle, and Gromek has a charley horse.

Bearden and Lemon won 20 games each last year. Feller won 19 and Gromek nine. So far the four have won seven and lost seven.

Bearden showed last night that he was not yet himself. Plainly favoring his injured leg, the tall lefthander lasted seven innings and was clipped for 16 hits.

### RECORD ATTENDANCE

A season record crowd of 73,150 saw southpaw Ed Lopat hold the Tribe to seven hits for his fourth victory of the season. He has still to taste defeat.

Detroit's runner-up Tigers remained two games behind the league-leading Yankees by coming from behind to defeat Washington Senators, 4 to 2, in a night game in Washington. Johnny Ligon's single with the bases loaded in the ninth drove in the winning runs.

Philadelphia's Athletics moved into third place by defeating St. Louis Browns, 9 to 2, in a night affair in Philadelphia. Alex Kellner won his third relief victory in his last three appearances, holding the Browns to two hits and no runs in 5.23 innings after relieving starter Lou Bristle.

Vern Stephens' ninth home run, an eighth-inning blast with a mate aboard, enabled Boston Red Sox to nose out the Chicago White Sox, 4 to 3, and gave southpaw Mel Parnell his fifth victory against one defeat.

The surprising Cincinnati Reds moved to within two games of the National League leaders, defeating Warren Spahn and the Boston Braves, 5 to 4, in a night game. Ted Kluszewski, sophomore first baseman, drove in the tying and winning runs for the Reds.

### CHESNES WINS

Bob Chesnes pitched and batted Pittsburgh Pirates to a 3 to 2 victory over New York Giants. The defeat left the Giants still tied for the lead with the Braves. Chesnes limited the Giant sluggers to six hits and started the winning rally with a ninth-inning three-bagger.

Singles by Eddie Waitkus, Del Ennis and Andy Seminick gave Philadelphia Phillies a run in the 12th inning and enabled them to defeat the St. Louis Cardinals, 5 to 4.

Ralph Branca became the first major league pitcher to win six games when he received credit for Brooklyn's 8 to 5, 11-inning triumph over the Cubs in Chicago.

## Two Auto Racing Meets Scheduled At Langford Track

Racing car drivers face a busy time at Langford Speedway with meets scheduled Saturday and Tuesday nights. Promoter Bruce Passmore announced today he will line up strong fields for the regular Saturday night show and the added holiday event. Time trials each night will start at 7.

For Saturday's card Forrest (Duke) Ramsay of Seattle will bring over his No. 5 car equipped with a new \$2,500 Dreyer engine. Shorty Schovel will make a special trip up from Portland to be at the wheel of the machine.

Race officials are looking for the speedsters to set up a new track mark in the near future. In the first two meetings Jack Spaulding was timed in at 17.76. To set that time, he had to average 76.12 miles an hour.

**SET FIGHT DATE**  
LOS ANGELES (AP)—The postponed, lightweight title bout between champion Ike Williams and Mexico's Enrique Bolanos will be held here Aug. 11, it was decided today.

**HARTFORD, Conn.**—Paddy Demarco, 139, Brooklyn, and Clem Custer, 138, Detroit, drew (10).

## Before And After...

## Favorites Advance Into Quarterfinals Of Women's Golf

Medalist Margaret Todd and defending champion Mrs. Art Dowell scored one-sided triumphs in the opening round of match play in the city women's golf championships at Victoria Golf Club yesterday.

Mrs. Todd whipped Mrs. F. C. McPherson, 9 and 8, while Mrs. Dowell took slightly longer to defeat Mrs. J. H. Wilson, 8 and 6. Mrs. H. Husband eliminated Mrs. R. K. Bearisto, 1 up in the closest match of the day, while Peggy Bagley ousted Mrs. M. Bowden, 3 and 1.

In other championship flight matches, Mrs. C. E. Harris defeated Mrs. T. Harris, 2 and 1; Miss E. Paynter eliminated Mrs. A. Swan, 5 and 4; Mrs. H. T. Mason turned back Mrs. R. Dorman, 9 and 7, and Miss Isabel Jarvis measured Miss N. O'Connell, 6 and 5.

## Easter's Hitting Marks San Diego Win Over Seals

Unfortunately for the San Francisco Seals, Luke Easter's tricks were confined to his bat, not to his ailing knee. As a result the Seals were dropped to fourth in Coast League standings as Larrupin Luke got three hits in four trips last night to pace San Diego to a 5 to 3 victory.

Nevertheless, first baseman Luke is still complaining about his thick joint and may have to consult a specialist. Hurier Al Jurisich contributed plenty to the Padres win, stopping the Seals' winning streak at seven games by yielding only six hits.

Padres remained three and a half games back of the front-running Hollywood Stars, who cashed in on six hits to trip Seattle 5 to 1.

The Rainiers also collected six safeties, but couldn't convert them into the pay column. Glen Moulder was the winner. It was a tough loss—his ninth—for Herman Besse.

Oakland climbed into third spot with an assist from the Padres and an 8 to 4 triumph over the lagging Portland Beavers. The Acoms scored their runs in pairs in the fourth, seventh, eighth and ninth frames.

San Diego made it 2 to 0 for Foul Bay on a pass from brother Len. Gordie Ritchie followed with Tillium's first goal at the seven-minute mark of the period and Dick Chunggranes scored the last goal of the first half, giving Foul Bay a 3 to 1 lead at the rest interval.

## Canadian Publisher Of Racing Periodicals

NEW YORK (AP)—Appointment of J. Samuel Perlman as publisher of the Morning Telegraph, Daily Racing Form and the Cincinnati Record was announced today. All three are primarily racing news publications.

Perlman, a native of Winnipeg, joined the Triangle Publications, owners of the three publications, in 1938 as manager of its papers in Seattle, Winnipeg and later in Mexico City.

He became general manager of the company's trade publication division with headquarters in New York in 1944.

HONOLULU—Henry Davis, 123½, Honolulu, outpointed Chico Rosa, 121½, Honolulu (10).

Last night's opening lacrosse game of the season had hardly more than started when Tommy Druce of Foul Bay and Bob Long of Tillium provided spectators with the first fist fight of the season with no extra charge. Above, action in front of the Foul Bay net sees Druce, left, and Long commence the fireworks that ended in the fight. Dick Chunggranes, Jackson Walker and Jack Thompson of Foul Bay, left to right, are identifiable in front of Foul Bay goaltender Aln Thompson. In the lower picture, Druce and Long, left to right, are seen in the sin bin alongside penalty timekeeper Tony Harrison.

## Foul Bay Cheated Of Win In Final Second

The Greater Victoria lacrosse season got away to a good start at Stevenson Park last night when Tillium defeated Foul Bay 9 to 7, after 10 minutes of overtime. Foul Bay's Jim Pickford was the hero of the game as he scored the tying goal on a pass from Norm Coates, just a breath away from the whistle signifying the end of the final period.

In a short pre-game opening ceremony W. C. Morebby, K.C., honorary vice-president of the league, spoke on the history of the game as it has been played in Victoria and was in turn introduced to each member of the first team. He faced off the first ball.

**FIGHT EARLY**  
Both teams opened slowly, which was natural for the first game, and settled back waiting for an opening. After two minutes of play one of the first half checks of the game brought on a display of fistcuffs between Tom Druce of Foul Bay and Bob Long of Tillium.

Each received five minutes in the penalty box. Little Jackson Walker of Foul Bay had the honor of scoring the first goal of the season at 4:30, after being set up by Al "Oop" Hudson. The initial period ended with no further scoring.

In the second period Foul Bay made it 2 to 0 for Foul Bay on a pass from brother Len. Gordie Ritchie followed with Tillium's first goal at the seven-minute mark of the period and Dick Chunggranes scored the last goal of the first half, giving Foul Bay a 3 to 1 lead at the rest interval.

The second half proved to be the most interesting of the game from the spectators standpoint. Foul Bay increased their margin to 4 to 1 on Walker's second goal. T.A.C. closed the gap when Bob Long blew one past goalie Al Thompson, but Foul Bay took a four-goal lead on two quick goals by Jim McKeachie and Chunggranes. Gordie Bamford flicked a high, hard shot over the shoulder of Thompson to end the scoring in the third period with Foul Bay still ahead 6 to 3.

Coach Arnold Ferguson must have given his Tillium charges a real pep talk during the rest period, because the clubmen came back on the floor with a determined air. They started off right after the whistle and made things really hot for Thompson

in the Foul Bay nets and were rewarded for their efforts at a 6:25 mark with a goal by Ed Popham.

**COSTLY PENALTY**  
The break of the game came a few seconds after Popham's goal. Len Scott was put off for a 10-minute penalty, and Foul Bay had to play a man short for the rest of regulation time. Aln Thompson turned aside several shots that looked like sure goals, but the Tillium were not to be denied. They rapped in two goals and tied the score at 6 to 6 with three minutes and 10 seconds left in the game.

McKeachie of Foul Bay shook himself loose from at least four checks and bounced a shot through the legs of goalie Buzz Long, and gave his team the lead again at 7 to 6, with a minute to go. Foul Bay elected to keep pressing and their strategy backfired, setting the stage for Pickford's tying goal at the 14:59 mark.

**PICKFORD AGAIN**  
Pickford scored what proved to be the winning goal after 3:40 of the overtime period, and Gordie Bamford made it 9 to 7 scoring the final goal with just two minutes left in the game. Both goalies, Long of T.A.C., and Thompson of Foul Bay turned in great games. Long was spectacular in the overtime period, knocking down eight shots.

Thompson stopped a total of 25 shots. Long got in the way of 20. Gordie Bamford of T.A.C. took scoring honors with two goals and two assists, followed by Jackson Walker of Foul Bay with two goals and one assist. Teams and scorers follow: Tillium—Buzz Long, Lawrence, Pickford 2, Bob Long 1, Popham 1, Baker, Ritchie 2, Coates, Mason 1, G. Bamford 2, J. Bamford, Henderson, Reid, Green.

Foul Bay—A. Thompson, J. Thompson, L. Scott, Jones, Thomas, Druce, Davidson, McKeachie 2, Chunggranes 2, Walker 2, Sage, W. Scott 1, Hudson, Green.

## A's Hitters Unable To Overcome Weak Hurling

### Junior Ice Series Draws In \$63,891

WINNIPEG (CP)—The eight-game Memorial Cup hockey series between Montreal Royals and Brandon Wheat Kings grossed \$63,891, it was disclosed today. Top gate was \$9,297 for the final game in Winnipeg last Monday which Royals won 6 to 4.

## Gottstein, Racing Heads Make Plans To Settle Dispute

SEATTLE (AP)—There were peace moves in the air today as it appeared the Washington State Horse Racing Commission and Joe Gottstein might get together soon to okay the 1949 Longacres race season.

William Fitzgerald of Seattle, commission chairman, said he conferred by telephone with commissioners Bill Weitzman of Spokane and Frank Christman of Port Angeles, who are attending a racing meeting in New York.

He reported they agreed the horses should run but that the Washington Jockey Club, of which Gottstein is president, must make the next move by formally reapplying for racing rates.

Weitzman and Christman are expected back in the state later this week.

Gottstein had said he wanted to run the meeting but that he felt a deep sense of responsibility to two of his officials whom the commission has not approved as yet—Dr. W. J. McKeon of Vancouver, B.C., and Democratic Rep. George Adams of Shelton.

## Junior Baseball Schedule Released

Junior boys' baseball schedule from May 19 to May 21 follows:  
May 19—T.A.C. vs. Farmers; May 20—Farmers vs. Tillium; May 21—T.A.C. vs. Tillium.  
May 22—Farmers vs. J. H. and E. May 23—Farmers vs. J. H. and E. May 24—Farmers vs. J. H. and E. May 25—Farmers vs. J. H. and E. May 26—Farmers vs. J. H. and E. May 27—Farmers vs. J. H. and E. May 28—Farmers vs. J. H. and E. May 29—Farmers vs. J. H. and E. May 30—Farmers vs. J. H. and E. May 31—Farmers vs. J. H. and E.

## Navy Gasmen Clash In Senior Ball Tilt

The navy baseballers will get a chance to redeem themselves tonight at Beacon Hill Park when they make their second start in the senior amateur loop, this time against Pitzer and Nex.

The sailors were victims of a 10-12 to 0 verdict in the opening game Sunday, but will go all out tonight in an effort to defend their title. It is expected that either Jeff Worrell or Moe-Tudor will get the starting assignment while the gasmen will likely counter with either Kasim Sapala or Bill Bendall. Game time is 6:30.

## Navy Golf Tourney Opens At Gorge Vale

Qualifying round of the annual R.C.N. Golf Association tournament will be played at Gorge Vale Golf Club tomorrow. Match play will start on Friday with the finals scheduled Sunday.

Draw for the qualifying round follows:  
10—Donnathorne, J. Karagiana, Martin.  
11—P. H. Foster, Lt.-Cmdr. Frewer.  
12—C. P. O. Corps.  
13—S. L. McMorris, Lt.-Cmdr. Hall.  
14—C. P. O. Mills, C. P. O. Young, C. P. O. Langton.  
15—W. C. Ingalls, C. P. O. Worth.  
16—P. O. Ross, C. P. O. Dallin, P. O. Pumphrey.  
17—Lt.-Cmdr. Connor, Lt. Wade, Lt. Power.  
18—C. P. O. Ross, C. P. O. March.  
19—C. P. O. Corps.  
20—Prof. Cook, Lt. (R) Clark, P. O. Hayes.  
21—Woodward, C. P. O. J. Dear.  
22—C. P. O. Bamfield, P. O. Vollett, P. O. Norris.  
23—C. P. O. Bennett, P. O. Jacobson.  
24—C. P. O. Corps.  
25—Capt. R. Wright, C. P. O. (R) Bennett, Lt. (R) Adams.  
26—C. P. O. Armstrong, Lt.-Cmdr. Mahon, C. P. O. McIntyre.  
27—Lt. (R) Mundy, S. L. De Rosset.  
28—R. Kern.  
Post entries will be accepted at the first tee, until 12:30 Thursday.

## WAGNER TO TORONTO

TORONTO (CP)—Catcher Hal Wagner will join Toronto Maple Leafs of the International Baseball League from Philadelphia Phillies of the National League.

The 33-year-old catcher, a veteran of 11 years in the majors, will join Toronto under its working agreement with the Phils.

Handicapped by some questionable pitching selections on the part of Manager Ted Norbert, Victoria Athletics dropped an 11 to 8 decision to Vancouver Capilanos last night. The A's went down fighting as they battled right up to the last out in the ninth in an effort to overcome the big lead built up by the visitors in the early innings.

Tied at one win apiece, the clubs close out their local stand tonight to resume play in Vancouver Thursday night with four games down for decision.

For what reason Norbert elected to give Vince Pesky his second starting assignment is hard to understand. After Pesky had given up four runs and left under fire in the second Norbert waved in Dale Maycock, already scheduled to leave the A's for Twin Falls or Ventura. Maycock was combed for seven runs on as many hits in three innings.

At that point Frank Cirimelli, who has rated a starting assignment for some time, took over and for the rest of the way held the Caps scoreless on a one-hit performance. But his fine mound effort was wasted on the losing cause. If Norbert was trying to determine his mound staff for Saturday's cut down date he got some interesting information.

### OUTFIT CAPS

Athletics outfit Vancouver 14 to 13 and with any kind of pitching would have wrapped up the game. They racked starter George Nicholas for all 14 hits and eight runs and forced Manager Bill Brenner to call on both Jim Hedgecock and Vern Kindsfather as they threatened to tie it up in the ninth. Nicholas was in continual trouble and pitched a lot of baseball as his control was anything but good. In one inning, the fifth, he forced in two runs on successive walks with the bases loaded.

Charlie Mead's home run after singles by Robinson and Fernandez provided Vancouver with a 3 to 0 cushion in the first inning. A triple by Nicholas followed by Robinson's single added another run in the second and brought in Maycock. Athletics got two runs back in the third and Sol Israel's home run matched Vancouver's two-run effort in the fourth as a result of Orrin Snyder's circuit smash.

With Snyder's double and McLean's single each driving in a pair of runs the Caps made five hits good for as many runs in the fifth to make it 11 to 4. With two away the A's struck for two runs in the last of the fifth as Nicholas lost his control.

Hack and Finnegan greeted Nicholas with successive doubles to open the ninth. After Morgan popped up, Keeler rapped another double and Nicholas left the mound. Frank Match, new infielder making his first appearance with the A's, drew a walk as a pinch hitter. Israel forced Match at second. Buccola walked to load the bases. Kindsfather took over and forced McDougald to pop up to the infield for the third out.

### KEELER HAS NIGHT

Keeler with three for four, including a double, led the A's at the plate. Israel had three for five. During the night the Victoria club picked up a home run and five doubles.

League-leading Yakima Bears continued their winning ways by blasting Wenatchee Chiefs 12 to 1. Tacoma finally ended its losing streak at four by trimming the Bremerton Bluejackets 5 to 3. Spokane and Salem were rained out.

The Bears rapped two Wenatchee pitchers for a dozen hits, including four-masters by Gene Thompson and Snag Moore. Wenatchee first baseman Hal Rhyme ran his base-hit string to 15 straight games. The Chiefs committed six errors.

Tacoma scored three runs in the first inning and added single tallies in the second and sixth. Dick Greco's triple, three singles and a walk figured in the first-frame run bing.

Bremerton 12 3 1  
Allen, Halstead (7) and Romming; Keeler and Warren.

## Students Lose Game, Top Spot In Softball

Chinese Students' tenure as first-place holders in the Men's Senior A Softball League came to an abrupt end last night as the lowly Bluebirds Cabs smote the league leaders, 7 to 6, dropping the Students into a second-place tie with Douglas Tire and allowing the idle Timber Service nine to regain the circuit's No. 1 rating.

Off to a good start, Students built up a 3 to 0 lead in the first two innings. Cabbies got one back in the last of the second, added another singleton in the third and finally overtook the Students in the fourth with a pair of markers for a 4 to 3 edge.

Successful singles by Will Chan, Gordy Chow and Quinton Mar enabled Students to knot the count at 4 to 4 in the first half of the sixth but in

## FOOTRULE ON SALMON

When the salmon are running outside his home at Albert Head, Mr. M. K. Macmillan finds it just a little hard to drive off to Victoria each morning. The result is when you visit him at W. & J. Wilson, at 1221 Government Street, it is easy to get him to talk about matters piscatorial.

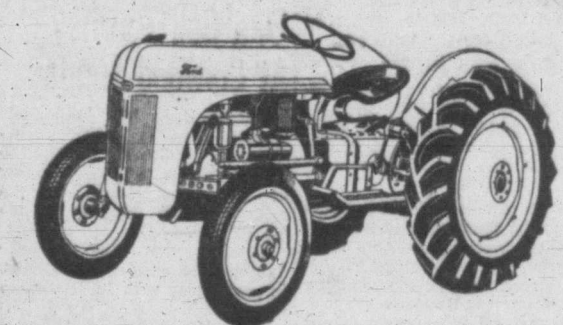

There, as manager of the Deck's Shoe Dept. in the Wilson store, Mr. Macmillan will say that feet, like salmon, are rarely alike.

"Customers have their own ideas," he says, "but I make it a rule not to sell shoes unless I can give a perfect fit. A lot of them want a size that is too small for them."

"It is a bit like throwing back a salmon because you don't have a cooking utensil big enough to hold it," he cracks.

The result of Mr. Macmillan's rule is that during the years he has been with W. & J. Wilson, not one pair of shoes has been returned as a misfit.

## Golfer Can Insure Against Hole In One

LONDON (AP)—Lloyd's of London now is prepared to insure a golfer against a hole in one. He pays 12s. 6d. (\$2.50) a year against the chance of an ace. If he does it he gets £10, which will cover his traditional round of celebration drinks at the clubhouse.

## Sports Round-Up

By HUGH FULLERTON JR.

NEW YORK (AP)—Chicago Cubs were in a losing streak and manager Charlie Grimm was moodily staring out his hotel window the evening after a tough game. . . . Trainer Andy Lotshaw came in and remarked sympathetically, "I know how you feel, Charlie. I just tried to eat dinner and the food tasted like sawdust. I couldn't eat a thing." . . . On a hunch, Grimm phoned the dining-room to send up the meal check Andy had signed. It read something like this: Shrimp cocktail, soup, steak with all the trimmings and two pieces of pie. Total about seven bucks. . . . Grimm let out a roar and went hunting for Lotshaw. . . . But Andy's "sympathy" had turned the track. Charlie wasn't mad about the ball game any more.

ONE-SIDED WIN  
In women's A section play, Adverts ran roughshod over Dodgeettes, 25 to 11. Winners big inning was the first when they scored 11 runs.

Short score of senior game follows:  
R. H. E.  
Chinese Students 6 14 6  
Bluebird Cabs 8 7 3  
Q. Mar and Chow; Majoriki and Prior.

## Dallas Ball Club Headed For Record

DALLAS (AP)—Showmanship and a front-running ball club have Dallas on the way to a new home attendance record for the Texas League.

If vaudeville holds out and the "\$125,000 baseball team" stays on top, oilman Dick Burnett expects to show 500,000 for the season. That would be almost 99,000 more than Houston got last year in setting the record of 401,383.

Advertisements of the Dallas club are two-point affairs. "Show time" and "game time" both are listed. Hillbilly bands, vaudeville performers, the only electric organ in a minor league park and baseball comedians are keeping the fans entertained along with the home runs.

With the home schedule a little more than one-fifth finished, Dallas has drawn \$6,818 paid admissions.

## Dado Marino Will Fight At Vancouver

VANCOUVER (CP)—Dado Marino, Hawaii, contender for the world flyweight and bantamweight boxing titles—has signed for two Vancouver bouts, promoter Al Principe announced.

## Old-Home Week For Rackley With Pirates

PITTSBURGH (AP)—It will be like old home week for Marv Rackley, 27-year-old outfielder, when he arrives today to begin his duties with Pittsburgh Pirates.

He'll find seven other former Brooklyn Dodgers here. They are what remain of 11 acquired in trades from the Bums by the Pirates since 1947.

Still wearing Bucco uniforms are these former flatbush representatives: Pitchers Kirby Higbe, Hugh Casey, Vic Lombardi and Hal Gregg; infielders Stan Rojek and Ed Stevens and outfielder Dixie Walker.

All in all they make up quite

## 'Old Man' Moses Big Help To Athletics

PHILADELPHIA (AP)—"Old Man" Moses is far from dead these days as Philadelphia Athletics' American League rivals can attest.

Moses—37-year-old diamond veteran listed in the books as Wallace Moses Jr., but better known as Wally—was acquired by the A's before the start of the 1949 season from Boston Red Sox.

Some of the experts thought manager Connie Mack was buying himself a used-up piece of baseball property. Moses had been around the major leagues since he came up with the Mackmen in 1935.

Today the experts are ready to admit that Mack apparently knew what he was doing. The A's found themselves in

## Island Trap Titles Shoot At Nanaimo This Weekend

Nanaimo Gun Club's shooting grounds will be the scene of continuous activity this week-end when, scattered marksmen from island and mainland points congregate for the Vancouver Island trapshooting championship. Club grounds are opposite the Nanaimo Golf Club course.

On Saturday afternoon, starting at 2, shooters will have an opportunity to brush up on their marksmanship in practice shoots.

Sunday is championship day, with entrants testing their shooting eye for an hour and going into action in the title program starting at 10.

Club chief this year is Vince

## Vic High Takes Lead In Interhigh Field Events

Victoria High School athletes yesterday took an 8½ point lead over "their" leading challenger, Oak Bay High, for the Roy Jones Memorial Trophy and the inter-high school track and field championship by running up 29 points in the jumping events held at the Vic High grounds.

The city squad cracked two records in the first day of the two-day field events, Shirley McKenzie setting a new junior girls high jump mark of 4 feet 7½ inches and George Woollett clearing the bar at 5 feet 5 inches in the junior boys high jump.

Final field events being held at Vic High today with the track events slated for Macdonald Park Friday starting at 1:30.

Mount View garnered 10½ points followed by Esquimalt with 3½ and Mount Douglas with 1½. Points are awarded on the basis of 5 for first, 3 for second, 2 for third, 1½ for fourth, 1 for fifth and ½ for sixth.

Results follow:  
Junior girls high jump: 1. Shirley McKenzie (V.H.S.), 4 ft. 7½ in.; 2. Diane Heaney (V.H.S.), 4 ft. 6 in.; 3. Irene Young (O.B.), 4 ft. 5 in.; 4. (tie) Beverly Sweeney (E.) and Marlene Whitely (M.V.), 4 ft. 4 in.; 5. 35 in. Junior boys high jump: 1. George Woollett (V.H.S.), 5 ft. 5 in.; 2. Jim Marshall (V.H.S.), 5 ft. 4 in.; 3. Arthur Huchner (M.V.), 5 ft. 4 in.; 4. Keith, 5 ft. 3 in.; 5. 3 ft. 3 in. Senior girls broad jump: 1. Sylvia Neale (V.H.S.), 12 ft. 6 in.; 2. Adrienne Taylor (O.B.), 12 ft. 6 in.; 3. Barbara Oakland (M.V.), 12 ft. 6 in.; 4. Flora Dunlop (E.), 12 ft. 6 in.; 5. 12 ft. 6 in. Senior boys broad jump: 1. Bob Hutchinson (O.B.), 18 ft. 6 in.; 2. Gordy Ryan (V.H.S.), 18 ft. 6 in.; 3. (tie) Al Boyd (V.H.S.) and Jim Burns (O.B.), 18 ft. 6 in.; 4. Ron Service (E.), 18 ft. 4 in.; 5. 18 ft. 4 in. Shot put: 1. Charles Brunell (M.V.), 32 ft. 6 in.; 2. Ray Jubb (V.H.S.), 32 ft. 6 in.; 3. (tie) Roy Barnes (O.B.) and Warren Harrison (V.H.S.), 32 ft. 6 in.; 4. Richard Pollard (O.B.), 32 ft. 6 in.; 5. 32 ft. 6 in.

today.  
Marino meets Vancouver's hard-punching Stan Almond, Pacific Northwest 118-pound champion, and Tommy Rhett, Oakland, Calif., flyweight.

Dates have not yet been announced.

## Ball Club Victor After 22 Setbacks

LEAVENWORTH, Kan. (AP)—Leavenworth Braves of the class C Western Association have finally won a baseball game—their first victory this year.

The Braves knocked off Hutchinson 3 to 2 last night after 22 straight losses, believed one of the longest losing streaks with which any team has ever opened a season.

## Widener Opposed To Night Racing

NEW YORK (AP)—George D. Widener, president of Belmont Park, said today that he was opposed to night horse racing and that no stake race was worth more than \$50,000.

"I feel that night racing would do as much damage as off-course betting to our tracks," Widener told the annual convention of the National Association of State Racing Commissioners.

Annual meeting of the Lower Island Junior and Juvenile Football Association will be held at the British Public Schools Club on Friday, May 27, commencing at 8.

## DiMaggio Back In Uniform Next Week

NEW YORK (AP)—Joe DiMaggio, New York Yankees' \$90,000 bench-warmer, will don a uniform for the first time this season "some time next week," the club announced Tuesday night.

In a statement given at the Yankee-Cleveland game, traveling secretary Arthur (Red) Patterson said that X-rays of DiMaggio's tender right heel taken earlier in the day were encouraging.

"Joe DiMaggio's right heel has been X-rayed by our physicians and showed enough improvement for DiMaggio to give it a try next week," Patterson said. "Joe will get in uniform some time next week and practice with the rest of the team."

The announcement was made while manager Casey Stengel pondered the question of the player limit. The Yanks must cut four players to meet the 25-man limit.

The Yanks have eight infielders, seven outfielders, four catchers and 10 pitchers on their list. One outfielder, two in-

**Super-Cushion**  
by **GOODYEAR**

**MORE PEOPLE PREFER GOODYEAR TIRES THAN PREFER ALL OTHER MAKES COMBINED**

In a recent nationwide survey, Canadian motorists were asked what make of tires they preferred above all others. 53.6% replied "GOODYEAR".

HERE'S THE SCORE:

Goodyear	53.6%
Second Tire	19.9%
Third Tire	6.6%
Fourth Tire	4.1%
Fifth Tire	3.9%
All Other Makes	11.9%

**THE BIGGER "FOOTPRINT" DOES IT!**

Conventional Tire Super-Cushion Tire

Smaller "Footprint" Ordinary Ride Larger "Footprint" New, Softer Ride

Super-Cushion runs on 24 pounds of air. Its bigger "footprint" on the road gives greater stability, quicker, safer stops, easier steering, especially on curves. This super-cushion plus greater blowout protection makes Super-Cushion the safest tire on the road.

ONLY GOODYEAR BUILDS THE **Super-Cushion**

• Enjoy your summer driving to the full—free of tire worries! Remember, 90% of tire troubles occur in the last 10% of tire life. Make sure your tires have come through the winter safe and sound. See your Goodyear dealer for a tire check—right away!

If your tires are O.K., he'll tell you so. If you need new tires, he has the great Super-Cushion by Goodyear. The Super-Cushion is bigger and softer, runs on 24 pounds of air. It absorbs road shocks, jars and vibration—so you get a "pillowy" ride, less wear and tear on your car, fewer rattles and repair bills! Besides all this, the Super-Cushion runs up more mileage than the finest standard tires! See your Goodyear dealer soon!

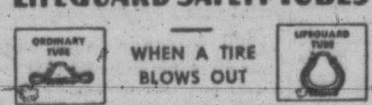

**Super-Cushion by GOODYEAR**

More People Ride on Goodyear Tires Than on Any Other Kind

## A blowout can turn a holiday into a tragedy!

LifeGuard Safety Tubes make the most violent blowout as harmless as a slow leak. They're also the most economical tubes you can use—often outlast 3 or 4 sets of tires! You can't get better protection to save your life!

**LIFEGUARD SAFETY TUBES**

... an ordinary tube collapses instantly. But LifeGuard's inner air chamber allows a tire to deflate slowly... permitting complete car control.

## May 24 Celebrations Start Friday When Queen Crowned

The five-day May 24th celebrations will officially get under way Friday evening at 9 when Mayor Percy George crowns 14-year-old Belle Luscombe as May Queen for 1949.

The coronation ceremony will be preceded by a parade down The Causeway featuring the Victoria Eagles' band, the Eagles' drill team and the Greater Victoria Schools' band, followed by queen-elect Belle and her princesses and attendants.

Ald. C. F. Banfield will give the opening address, then the mayor will place the crown on the head of the Central Junior High School student.

The crowd gathering to await the coronation ceremony will be entertained by selections by the Navy band. At 8, a Navy unit under Lieut. W. A. Manfield will carry out a ceremonial at the cenotaph.

At 8.40 the Victoria Girls' drill team will arrive, heralding the

approach of the May Queen's entourage. A fanfare by Navy trumpeters will announce the arrival of the "royal party."

There will be three cars in the party—the first bearing ladies-in-waiting Beverly Ellen Sweeney, Amber Kilshaw and Sylvia Claire, the second princesses Eva Webb and Elaine Thomas and crown-bearer Arlene Atkinson.

Queen-elect Belle and pages Barrie Hanslip and Patricia Huxtable will be in the third car, which will be flanked by a guard of honor made up of the Oak Bay girls' drill team.

City police reported today that sometime during Tuesday night before 10.30 burglars tried to get into the Central Carriage Ltd.'s new premises on Montreal Street, formerly occupied by B. W. Brown and Sons. A small hole near the lock of the door had been partially bored, but no entry had been gained.

## Exploding Bottle Of Alcohol Starts Oak Bay Home Fire

A bottle of rubbing alcohol exploded to the sun in a room is believed the cause of a fire which totally gutted a bedroom in the home of H. K. Anstie, 1221 Beach Drive, Tuesday afternoon. Damage estimate is \$1,500. House and contents are insured.

The home was saved from destruction by virtue of the fact that Miss H. M. Duke, 1216 Beach Drive, who lives across the street from the Anstie home, spotted the fire and called in the Oak Bay Fire Department. Firemen were quickly on the job, saw smoke pouring from the entire upper story, but managed to confine the stubborn blaze to the bedroom.

Fire-fighting crew was in charge of Capt. Allan Kinnersley. Firemen laid out 1,000 feet of hose and tackled the smoke-filled upper story with smoke masks on.

From preliminary investigations, Capt. Kinnersley believes the bottle of rubbing alcohol lying on a dresser top and exposed to the hot afternoon sun exploded to start the fire. Occupants of the house were unaware of the fire until Miss Duke told them about it after turning in the alarm.

**KLONDIKE NIGHT PREPARATIONS**—Three members of the Victoria wing of the Air Force Association, making plans for a Klondike Night to be staged at the Britannia Branch, Canadian Legion, auditorium Friday night. Left to right: Dave Gibson, chairman of the association's entertainment committee; June Snyder, chairman of the membership committee, and Jerry Gosley, who is producing the floor show which is a feature of the event.

## Urges Citizens To Vote In Favor Of School Buildings

"Since the previous money by-law was presented in 1947, building costs have soared," Austin I. Curtis, school board trustee informed members of the Victoria Kiwanis Club at a luncheon at the Empress Hotel Tuesday.

Mr. Curtis, speaking on "School Affairs," explained the importance of voting in favor of the forthcoming by-laws here May 26 and 28 for the construction of the Topaz Avenue Junior High and the View Royal Elementary Schools.

Of the 14 schools listed on the original building program, he said, only the vocational technical unit at Victoria High School had been completed.

The speaker indicated that several points concerning the school finance program should be cleared up. According to the Cameron Report of 1946, it was suggested that the municipalities and the provincial government work on a 50-50 basis, but that concerned costs prevailing during that period.

"The municipalities had to bear the increases over that period," Mr. Curtis continued. "There is a big difference between the basic program of 1946 and today's actual costs."

This year's education costs were up 32.9 per cent from last year and the speaker estimated that the provincial government would finance 26 per cent of the costs.

Quoting recent figures, Mr. Curtis explained that the new schools, were primarily needed to cope with the fast-increasing student population. He indicated

## Aim For Better Street Lighting In Saanich Wards

An improved street lighting set-up for the inner wards of Saanich is being investigated. A by-law may be presented to the ratepayers this year.

The B.C. Electric officials have been asked to make a survey and they will meet the Saanich Council light and power committee, presided over by Councillor K. R. Genn, to report their findings.

Wards involved would be two, seven, a portion of five and the sections of Ward One not yet covered by a new street lighting set-up. Through the efforts of former council member for Ward One, Thomas Alexander, the south part of Ward One was more brilliantly lighted through a local improvement scheme approved by ratepayers last year.

## Zeller Opening City Store On Douglas Street Soon

A Zeller's Ltd. store will be opened in Victoria, according to Walter P. Zeller, Montreal head of a chain of 23 department stores, who has been visiting Victoria in connection with the Douglas Street property, owned by his company.

Mr. Zeller also said he may establish other branches throughout the province. First Zeller store in B.C. was established in Vancouver about the same time they purchased the Douglas Street property here.

While he did not know exactly when the Victoria store might be built, Mr. Zeller said he hoped it would be soon.

Recognized as one of Canada's most prominent merchandisers, Mr. Zeller opened his first store in Ontario in 1928, establishing a new trend in merchandizing by arranging his store for the ladies

in the belief that women are the major buyers and, like to see most of the articles on display.

Of Swiss descent, Mr. Zeller was born in Waterloo County, Ont., on the farm which was settled by his Swiss grandfather in 1831. His early experience in merchandizing was obtained as an employee in Woolworth's, Kresge's and Metropolitan stores.

During the Second World War, Mr. Zeller was director of the National War Savings Committee in 1940, deputy co-ordinator of textiles in 1941, and assistant to Donald Gordon in the War-time Prices and Trade Board in 1942. He also is past district governor of Kiwanis and a former director of the Canadian Chamber of Commerce.

Victoria branch of the S.P.C.A. asked the city again today for permission to hold a tag day to raise funds.

## Relatives Of Late H. A. Leonard Sought

Anyone knowing the whereabouts of relatives of the late Harry A. Leonard are asked to communicate with trustees of the Sooke School District No. 62.

Trustees wish to speak to relatives in connection with land donated by Mr. Leonard for the erection of Happy Valley School in 1911. Board has acquired additional land at the rear of the property and desires to consolidate the land with the original site. The original title still being in the name of Mr. Leonard, the board has found it necessary to find relatives in order to arrange for a transfer.

## Bulb Growers Plan Field Day For All Interested In Work

Vancouver Island section of the B.C. Bulb Growers' Federation is holding a field day Saturday and everyone interested in the bulb industry is being invited to take part.

A full program has been arranged, designed to enlighten growers on most aspects of the industry—soil management, cultivation, insect and disease control and other problems of common interest.

The program will start at 9.30 in the morning and will continue until evening. Supper will be served at the Dominion Experimental Station at Saanichton. Lunch must be provided by the individual.

Cars will meet on Pandora Avenue between Quadra and Vancouver Streets from 9.30 to 9.45.

The party will drive first to the farm of W. J. Houlihan, on Fernside Road, Gordon Head. Next stop will be the farm of J. H. Thompson past Cordova Bay.

After a picnic lunch, the farm of Geof. Vantreight will be inspected, then the Woodbridge bulb farm at Brentwood. From Woodbridge's farm the party will drive along West Saanich Road to Mt. Newton Cross Road to Peter's Farm, and then by East Saanich Road to Wilson's Farm, winding up finally at the Experimental Station.

After supper a discussion period will be held and moving pictures shown at the experimental station.

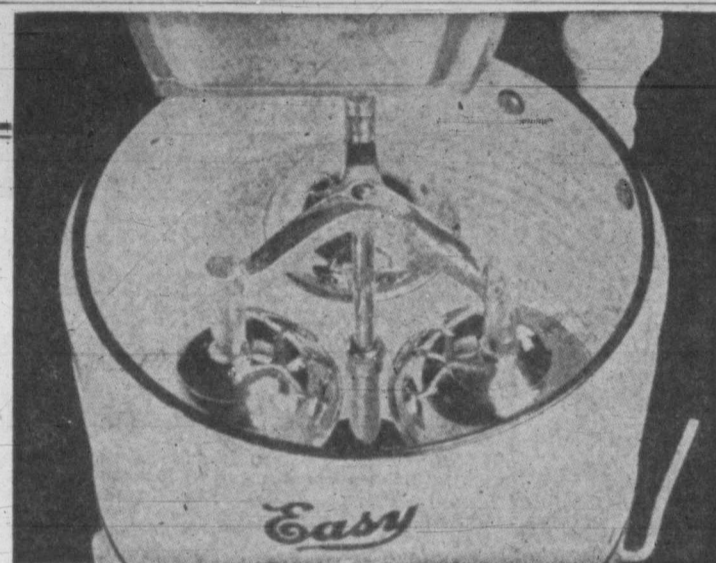

## Welfare Group Grants Increases

Wage increases of approximately 5 per cent were granted some field and other workers by the board of directors of the Family Welfare and Children's Aid Society, Tuesday night.

Discussing its lack of funds, Arnold McDermid, treasurer, said the organization "may have to close its doors" before the year's end and that the wage increases would only advance the time by a few weeks.

The staff are paid roughly 25 per cent less than others employed in the same type of work. Jack Barraclough, chairman, said, Mr. McDermid contended "most of the girls just stuck to the job because of intense interest in social work, but that the board had no right or desire to exploit them."

The proposed Gorge improvement project will be discussed Monday afternoon when the Tourist Trade group of the Chamber of Commerce holds its annual meeting in the Black Ball Ferry building. Also on the agenda is election of officers. The meeting will start at 3.30.

## People Of U.S. Cut Spending; Savings Show Increase

WASHINGTON (AP)—The American people, confronted with shrinking income, cut their spending so sharply in the first three months of 1949 that their total savings went up.

This tactic of saving more while taking in less was held accountable in large part today for this early 1949 development: the biggest slump in gross national product since the war.

Gross national product is the total output of goods and services at market value—or going price.

On the basis of Commerce Department estimates, it slacked to a \$255,900,000,000-a-year rate in the first quarter, off \$9,000,000,000 from the peak price in the fourth quarter of last year, although still \$1,000,000,000 above 1948's quarterly average.

There was a twofold explanation: (1) Less goods and services were produced and provided, since willingness to spend on them was down; and (2) price tags and charges were lower for those that were furnished.

Commerce Department analysts said lower prices had as much or more to do with cutting the consumer spending total than decisions to get along with less, so it wasn't just a case of public thrift.

Business acted like consumers: eased up sharply on outlay to

## Britons To Get All Fresh Meat As Ration Next Week

LONDON (Reuter)—Improvement in Britain's domestic and imported supplies of meat will enable Britons to draw their full weekly ration in fresh meat, starting next Sunday, it is announced.

Informed sources said the announcement indicates the government feels it will be able to maintain the ration even if current negotiations between Argentina and the United Kingdom break down.

Food Minister John Strachey

build up stocks of goods to sell and went a little lighter on outlays for plants and machines to increase productive capacity.

Government spending on goods and services increased, however, as a result of higher foreign aid outlays.

Government expenditures on goods and services rose \$500,000,000 to a \$41,600,000,000 annual rate, including foreign aid as well as domestic purchases.

made the ration announcement in the House of Commons. At present 24 (about four cents) worth of the weekly ration of 15 lb (about 22 cents) must be taken in canned corned beef.

It was learned that the improvement in supplies applies not only to home-produced meat but to imports from such countries as Australia, New Zealand and the United States. Fat cattle supplies from Ireland also have been stepped up and a small amount of pork has come from France.

On the other hand, the Daily Express Monday predicted another cut in the meat ration during the next few weeks. It added: "The only thing that can prevent the cut is a last-minute agreement with the Argentine."

Cakes of salt once were used as money in both Tibet and Abyssinia.

The "Irish" potato, a product of South America, reached North America via Europe.

### MAKES SMALL SLAM WITHOUT AN ACE

It seems only a short time ago that Bobby Andrus was picking up score slips for me at tournaments. Then suddenly I saw young Robert Andrus play the role of Clarence Day in "Life With Father" in New York City. He is now appearing in "City of Kings," one of the best plays offered so far by the Blackfriars Guild of New York.

Bob has kibitzed the best players in the country at tournaments. He says he never will forget the time he saw Herman Goldberg of New York City get to six spades on today's hand, off all four aces. To Bob's amazement, Goldberg made the contract.

In connection with the bidding, Goldberg said it had been a long evening; and it was the last round. Getting average on this hand would mean nothing, so when his partner supported his spades, Goldberg in the North plunged to six. He followed the same theory in redoubling. If he were set at six doubled, he might as well be set redoubled.

East had a choice of openings. The jack of spades could not be the right opening. He might make the ace of diamonds, but with only three hearts in his hand, it seemed more likely that he could make the ace of hearts. But Goldberg, of course, trumped the ace of hearts in

dummy, and led the king of clubs. West went up with the ace, which Goldberg trumped. Then he trumped another heart in dummy and led the queen of clubs, on which he discarded the six of diamonds from his hand.

The seven of spades from dummy was his next play. West won this trick with the ace of spades and returned a diamond—but it was too late. Goldberg trumped it, and made his amazing contract of six spades doubled and redoubled without an ace in either hand.

## Civilization Too Much For Two Bears

SEATTLE (AP)—Two bears had a brush with civilization near here Monday and wound up as potential rugs.

A large female black bear chased a badly frightened school

boy for 200 yards before he reached the safety of a farm home 20 miles below Seattle.

At about the same time late in the afternoon, a 115-pound black bear cub wandered for hours near the downtown district of Olympia, the state capital, 40 miles farther south. Both were shot.

## HAVE YOU \$10 in U.S. FUNDS?

If you have more than \$10 in U.S. cash you should turn it in to your bank, in exchange for Canadian dollars, without delay. Existing regulations make it illegal for any Canadian resident to retain in his possession more than \$10 in United States cash.

### HERE'S THE REASON

Canada must have the U.S. dollars spent here by tourists in order to make them available for the payment of imported goods and services needed to keep production and employment at a high level.

## THE WARTIME PRICES AND TRADE BOARD NOTICE TO LANDLORDS AND TENANTS

Increases in Municipal Taxes in the City of Victoria

The tax rate in Victoria for the year 1949 has been established at 53 mills. This is an increase of 7 1/2 mills over the rate for the year 1948 and, therefore, there will be a substantial increase in the amount of municipal taxes levied on the properties in Victoria. The Wartime Prices and Trade Board, therefore, has made a general order which automatically increases the maximum rentals of residential properties and thus relieves many landlords of the necessity of making individual applications.

1. For the purpose of the Order all residential buildings in the City of Victoria which are affected by rent control are divided into two classes, namely HOUSES and MULTIPLE BUILDINGS.

### 2. HOUSES

A house is space covered by one tax bill and let to one tenant. Such accommodation is usually a single family residence used as a private dwelling although it may be sublet in part to boarders, lodgers or roomers.

The monthly maximum rental of all houses in the city of Victoria for which there has been an increase in municipal taxes in and for the year 1949 has been increased by one-twelfth of the amount of such tax increase calculated to the next higher twenty-five cents;

e.g. (1) The increase in municipal taxes is \$30.12  
 1-12 of the increase is \$2.51  
 The increase of monthly maximum rental will be \$2.75.

### 3. MULTIPLE BUILDINGS—APARTMENTS DUPLEXES, ETC.

These are buildings where the tax bill covers space that is not all rented to one tenant; the space covered by the tax bill may be rented to two or more tenants or may be partially occupied by the owner.

In these cases the maximum rental of all rented units in the building are automatically increased by 2% calculated to the next higher twenty-five cents.

e.g. Previous maximum rental is \$38.00 per month.  
 Plus automatic 2% increase \$ .76  
 \$38.76

Therefore, new maximum rental \$38.00 per month.

### 4. SHARED ACCOMMODATION AND HOUSING ACCOMMODATION WHERE THE OCCUPANTS SHARE SOME CONVENIENCE

In these cases the automatic increases in maximum rentals outlined in paragraphs 2 and 3 above are NOT payable. Landlords in these cases may make application for maximum increases due to increased taxes payable by them or an increased maximum rental demanded from them by their own landlord.

### 5. LANDLORD'S DEMAND FOR INCREASED RENTAL

Where the foregoing increases in maximum rental have occurred landlords may obtain the benefits thereof in the case of:

(a) monthly leases by giving the tenant a one month demand on Form No. 2 of the Wartime Prices and Trade Board; or

(b) in the case of a term-certain lease, by notifying the tenant in writing that after the expiration of the term, the lease will be carried on as a monthly lease; and later when the monthly lease is in existence by giving the tenant a one month demand for the increased rent on Form No. 2; unless there is a clause in the lease which entitles the landlord to obtain the increased maximum rental at an earlier date.

NOTE: In any case in which the tenant is willing to pay the increased maximum rental as from any date not earlier than January 1, 1949, he is permitted to do so by the terms of the Order.

A supply of Form No. 2 is available at the offices of this Board, Belmont Building, Government Street, Victoria, with instructions for completing same.

## Demolished Marseilles On Way Back

Marseilles' progress is dramatically symbolized in this picture of a freighter, tied up at a pier recently made usable, framed by the jagged remains of a steamer, demolished by the Nazis. This boat was under the harbor's water for nearly four years.

A. French longshoreman rests atop a pile of sacks of American artificial fertilizer. Many Marseilles dockworkers are Communists, constantly running down the Marshall Plan's help to France.

Pictures and Text  
By DAVID S. BOYER  
MARSEILLES—Marshall Plan aid is about to make its first contribution to the reconstruction of this gigantic Mediterranean port, but France, almost unassisted, has brought this vital lifeline back from near-death. Less than four years ago, evacuating German armies staged a fearful example of their

## No More Harsh Laxatives!

Famous cereal brings lasting relief from constipation.

Are harsh laxatives causing you distress and unhappiness? Then read this unsolicited letter:

"About 8 months ago, I decided to start eating KELLOGG'S ALL-BRAN. After a few days, I realized that regular use of this breakfast cereal was making my system work naturally. Constipation doesn't trouble me any more. Believe me, it's a great relief!" P. Leveille, 4465 Rindard Street, Montreal.  
Yes, if you suffer from constipation due to lack of bulk in the diet, you may never have to take another harsh laxative again. Simply eat KELLOGG'S ALL-BRAN daily and drink plenty of water. ALL-BRAN is not a purgative, but a wholesome cereal. Eat an ounce as a cereal or in muffins for constipation relief. If after using one package you are not completely satisfied, get double your money back as guaranteed on the package. Get your ALL-BRAN from your grocer. Made by Kellogg's of Battle Creek, Ontario.

## How To Stop Corns

## End Pain Instantly

Do as millions now do and you'll never have corns! At first sign of sore toes from new or tight shoes, protect them with Dr. Scholl's Zino-pads. Pain ends and corns are stopped before they can develop. But—if you have corns—these soft, soothing, cushioning pads will relieve your pain in seconds! Used with the separate Medications included, Zino-pads specially remove corns. Get this famous relief of Dr. Scholl's today!

**Dr. Scholl's Zino-pads**  
for CORNS • CALLUSES • BUNIONS

infamous demolition prowess here. For three days, as invading Allied troops approached the city, thunderous explosions shook the streets, chilling the souls of Marseilles' 600,000 port-dependent population.

When the dust and water had settled, more than 30,000 yards of pier were crumbled concrete and shattered pylons; 236 dockside cranes were twisted steel; 173 ships, their hulls blown in, rested on the bottom inside the mile-long breakwater; dozens of warehouses were shambles.

Today, with only half as much equipment in operation, the port of Marseilles ships more passengers than in 1939. Seventy per cent of the prewar freight load is being handled. By the end of the year, imports and exports should exceed 1939.

Of the 173 blasted ships which littered the harbor floor, all but 12 have been refloated or cut to pieces below water and scrapped. Pier space in almost the entire port is usable.

Fifty-five cranes were made operative after the German land mines wrecked the port. Another

## Small Airlift May Bring Machine Parts To Canada

OTTAWA (CP)—A small-scale airlift to shuttle machinery parts into the Canadian market will be proposed by Harold Wilson, President of the United Kingdom Board of Trade, when he returns to London, it was learned today.

The proposal, it was learned, will be made by Mr. Wilson to British manufacturers as one way of meeting United States competition in Canada, and giving Canadian buyers assurance that British replacement parts will be available quickly.

This innovation means that a one-day replacement service may be available to Canadians buying U.K. farm equipment, wheeled tractors, motor-cycles and some types of automobiles and other equipment. It is understood to have the approval of Canadian trade experts.

Details of the airlift plan are expected to be made public by

know when and what shipments are coming under the recovery program.

"We're also trying to arrange for more of France's Marshall Plan products to be delivered here, rather than Le Havre or Bordeaux. If we could publicize the arrival of American goods in Marseilles, the propaganda value in southern France would be tremendous."

Mr. Wilson as he continues his 20-day trade tour of the Dominion. The top U.K. trade officer left for Toronto Monday night after meeting with the cabinet and speaking before a press conference and a district convention of Rotary International.

Another sales-boosting plan which Mr. Wilson may lay before U.K. manufacturers when he returns overseas is a large-scale British advertising campaign in Canada—a campaign which may equal United States advertising here.

Although he declared Anglo-Canadian trade problems had reached a critical stage, Mr. Wilson, it was understood, did not place concrete trade proposals before the federal government during his week-end visit to the capital.

However, he is expected to have suggestions for increasing British trade in Canada ready for the federal government before he returns to London at the end of the month.

Federal government authorities have already indicated they will give all the help they can to increase the flow of British goods to Canada and ease the trade problem which finds the U.K. importing from Canada about two and a half times what she exports to the Dominion.

### ROYAL THEATRE

Four men had a tough time of it during shooting on Warner Bros.' handsome Technicolor romantic epic, "Adventures of Don Juan," now for public viewing to-day at the Royal Theatre, because they had no pockets in their clothes!

From eight to 10 hours a day, six days each week, week in and week out, Errol Flynn, Robert Douglas, Romney Brent and Douglas Kennedy, were clad in exact replicas of the costumes worn by the men of Spain at the end of the 15th century for their roles.

### Odeon Film Brings Promising New Star

Hailed by the National Press as one of the most promising actors of the day, Stephen Murray, Pathe British contract star now appearing in "My Brother Jonathan," now at the Odeon Theatre, received his early training at the Royal Academy of Dramatic Art, and embarked on his professional career at the Stratford-on-Avon Memorial Theatre in 1933.

From Stratford Stephen went to Birmingham Repertory Theatre and after a year's hard work took part in "1066 And All That." For the next two years he played leading roles in which his age ranged from 18 to 80.

Leaving Birmingham in 1946, he spent a year with the Old Vic. Then came two years at the Westminster Theatre, still playing a wide range of parts—both ancient and modern.

While waiting for his call-up in 1940, Stephen made his first film, "The Prime Minister," with John Gielgud and Diana Wynyard, playing the part of Gladstone from the age of 20 to 70. From 1941 to 1946 Stephen served in the army, receiving his commission from R.A.S.C.

### U. Of W. Student Held In Bombing Of Parents' Home

PORTLAND, Ore. (AP)—A University of Washington student was held by the Federal Bureau of Investigation in the bombing of his parents' Vancouver, Wash., home.

The young man was arraigned late Tuesday in Seattle after a secret federal indictment by a federal grand jury. He is held under \$5,000 bail and will be tried in the U.S. court at Tacoma.

F.B.I. agent J. B. Wilcox said Lawrence Jean Sharp, 20, was being held in the King County Jail, Seattle. He will be charged, technically, with destroying government property, Wilcox said.

But the Federal agent said the youth had planted the dynamite bomb which demolished the home of Mr. and Mrs. L. L. Sharp on April 1 and put both parents in hospital.

The Sharp's home was also blasted one month previously on March 1.

Wilcox said the university student had rented an automobile from a self-driving service in Seattle, motored to Vancouver, planted the bomb and then returned to Seattle. He was located on the campus after the explosion and returned to visit his injured parents.

### OAK BAY

Admirers of the famous stage star, Hermione Baddeley will receive a surprise when they see her playing a very minor role in Michael Balcon's new Ealing production, "It Always Rains on Sunday" which is currently at the Oak Bay Theatre. She appears in the brief but dramatic role of the owner of a cheap lodging house.

Peat, believed the earliest stage in the evolution of coal, is found in bogs.

### CAPITOL THEATRE

Adele Mara felt right at home working with John Wayne and Director Edward Ludwig in Republic's "Wake of the Red Witch," current Capitol Theatre attraction.

She started her career with this combination in "The Fighting Seabees," which starred Wayne and had Ludwig as director. Since that time she has made over 30 pictures for Republic, but only recently has she been elevated to top roles in de luxe productions.
